-Messrs, Geiz, Foster & Quinn, of Johnstown, whose immense mercantile establish-ment we visited on Monday last, assured us that their carpet trade this Spring has been the heaviest they have ever experienced dur-ing the same length of time since they com-menced business, and what is true of carpets is equally true of all other lines of goods embraced in their wonderful stock. More es-pecially has this fact made itself apparent in their millinery department, so pleasantly and efficiently presided over by Mrs. Rose Quinn, eldest daughter of Mr. John Geis and wife of the junior partner of the firm. ...

Come, printers all, and form a ring, And tune your pipes to olithely sing, And roar the notes like anything, In journalistic praises!

And were it not for temperate fear. You might your whistles wet with beer, And that would more your gizzards cheer For journalistic praises !

While clicking types are dottly placed, All to prepare the newsy feast, Sure any man would be a beast Who'd sing no journal's praises '

Both night and day the printer works, And writes, and sweats, and thinks, and clerks Still some unmannered, beathen Turks Withhold the journal's praises !

The journal shows up regulab tricks And keeps you square on politics. And steers you clear of many a bx,-Then sing the journal's praises!

Then farmers, merchants, artszans, And ye who draw up forms and plans— E'en montebanks and charlatans— Come sing the journal's praises!

And let the journal's praises rise From every home beneath the shires; For news inaker simple bodies wise,-All sound the journal's praises? A; D, H.

SELLING AT THE RIGHT PRICES.

This we have been doing for twenty years; and have clothed over hundred of thousands,-old and young.

This Spring we Overtop every Past Spring.

The spring has been so backward that we have had ample getting-ready time, and the extraordinary stock of clothing that every man and boy may choose from is without equal in America. The stock is something wonderful.

SOUND AS HONEST WORK CAN MAKE IT.

The best sewing on the best cloths, the best triumings, the best styles, and the best money's worth that can be put into clothing anywhere. It is a great thing to say, that not another house in the land can do so much in clothing you so well. The cloths come direct to us; we buy them largely; we make up the clothing in our own well-ordered ways,-knowing all the things that belong to making clothing well,-and they will go direct from us,-the makers,-to you,-the wearers,-not a profit between. That's why OAK HALL has the lowest prices, as well as the best clothing.

During the past ninety days we have, in making up this new spring stock, so improved the patterns, our ways of making, and minor details that this spring's exhibition of ready-made clothing might be fairly called

READY CUSTOM-MADE CLOTHING.

Our Custom Clothing Department improves every year. We make to order from the finest fabrics, and believe we do the best work that can be done.
