Chinese Cream CAMPHOR ! THE GREAT REMEDY FOR THE

RELIEF OF PAIN IN MAN AND BEAST !

Commands the attention of all who have been inveterate sufferers of RHEUMA-TISM, NEURALGIA, HEADACHE, BACKACHE, FROSTED FEET, STIFF JOINTS, and all pains in every portion of by exciting the pores to action, thus grass into the seanty meadows. It will the fruit of the other, the body. The seat of pain is reached abling the curative properties of the CHINESE CREAM CAMPHOR to enter, which stiffes the pain as soon as the affected parts are reached. The liniment must, upon each application, be rubbed in thoroughly; and in cases of Rheumatism of long standing it should be used three or four times a day, and four applications made each time, until Care, however, should be exercured. cised after the pores are opened, to prevent taking cold.

FOR HORSES Chinese CREAM Camphor IS INVALUABLE.

It relieves Sprained Joints, Thrush in Feet, Sweeny, Poll Evil, Blood and Bone Spavins, Ringbone, and all hard lumps caused by kicks or other bruises. For Epizooty, Distemper, Fever, Colic, Loss | and then it is seen that, while there are of Appetite, and Weakness, use the Inon-HORSE AND CATTLE POWDER.

A half-pint bottle of the CHINESE CREAM CAMPHOR can be had for 50 cents from E. JAMES, Druggist, Ebensburg, Pa.
N. B. —The testimonuls of persons using this preparation, either on themselves of their horses, will be thankfully received.

TESTIMONIALS.

I have tried the Chinese Cream Camphor for Rheumatism and Nervons Readache, and have found in it instant relief. I have never found its serve to act as its food. The simple matter of forming the cob alone requires equal in all my fravels,-Grouce Hynn, London, Eng., (son of Capt. Sir Geo. Byng, R. I. N., Sinan amount of potash not easily procured

gapore, India.) I used the Chinese Cream Camphor for a severe attack of Rheumstism in the right shoulder, and can sincerely say, after having tried everal other well-known remedies, that it is the best thing I ever used, curing me completely.-Milland F. WALTON, 117 N. 41st streat, West Philadelphis, March I, 1881.

After one application of the Chinese Gream Cam-ber 1 was relieved of fristed feet. --NATHAN EL-ex, 415 North Third street, Philadelphia, Pa., Harden the succeeding crop.

Jan. 12, 1981. Having suffored serverely with irosted feet I used the Chinese Uream Comphor three times, rubbing it in thoroughly, and was cured. My mother tried it for nervous heatache, obtaining instant relief. —Asron S. Tarant, 1215 Melon street, Flitlad'a, Jan. 15, 1881. Pleasant Remedy for Toothache.

Our cook recently presented herself to me with a swollen cheek asking for something to relieve the toothache, from which she had been suffering all night, and for which she refused to have | railroad restaurant, when a man rushed the tooth extracted. As there was nothing of the usual kind at hand I was on the point of telling her to call later at my office or go to a dentist, when it occurred to my memory that there was in the house a vial of compounded tincture of benzoin, which I had been using upon a young mother as a protection against sore nipples. Aftercleansing the decayed tooth I saturated a piece of cotton-lint with the tincture and packed it well into said, "your American Agriculturist gave the cavity, hoping that this would suf- me that spleudid farm and home." fice for the time, and bidding her come little startled at this, we had barely back in two or three hours if she was not time to get a brief explanation before relieved, I was turning away when she the train started, and even forgot to ask remarked it might not be necessary, per- his name. It was as follows :

haps, as the pain had already gone. much hot water would have done.

with the same affliction, and I determined, by way of experiment, to use the plot, by draining it well if needed, same remedy. To my agreeable sur- putting in seed very early, and protectprise both persons declared themselves immediately relieved, and begged a vial cold nights or frosts threatened, after of the tincture for future use.

During the winter a number of simi- the following plan : Have prepared a lar cases applied, and were instanty re- lot of pieces of sod, a foot square or so, lieved by the same treatment, all ex- if pretty well rotted and free from fresh pressing much satisfaction with the rem-

In December I told my druggist of the discovery, and recommended him to sell marked off into little squares of the size it to any person applying for "toothache required by different plants, put peas, drops," This, he reports, he has done, and that every one seems delighted with the medicine. - T. C. Osborn, M. D.

THE LEMON CURE,-Somebody who appears to know all about it writes postively that it will draw the sting out of hot weather, not only for a time, but for months to come, to understand the right use of lemons. Most people know the benefit of lemonade before breakfast, but few know how it is more than doubled by taking another at night also. The way to get the better of a billous system without blue pills or quinine is to take the juice of one, two or three lemons, as the appetite craves, in as much ice water as makes it pleasant to drink without sugar, before going to gained in the maturity. bed. In the morning on rising of at least a half an hour before breakfast, take the inice of one lemon in a goblet of water. This will clear the system of humors and bile, with mild efficacy, without any of the weakening effects of calomel or Congress water. People should not irritate the stomach by eating lemons clear? the powerful acid of the juice, which is almost corrosive, infallibly produces inflammation after a while, but properly diluted, so that it does not burn or draw the throat, it does its full medical work without harm, and when the stomach is clear of food has "I have competitors now, but I have abundant opportunity to work on the system thoroughly.

HOW EARLY GARDENING PAID.

An incident never put in print, may afford a useful hint to many. While traveling through Eastern Iowa several years ago, we were taking lunch at a up, saying he had heard of our passing. by a telegram the conductor had sent ahead, and urging our stopping over night to see his place, and give a talk to the farmers of the neighborhood. On being assured that an engagement in Illinois would prevent it. he fairly pulled us out on to the platform, and pointing to a fine place on an elevated location, with excellent buildings, etc.

"Several years ago, you wrote that if Supposing her faith had a large share in any enterprising man living in the vicinher relief, I would not allow myself to think that the medicine had anything smaller ones, would manage to put his to do with the cure any more than so | early peas, corn, beets, cucumbers, etc., etc., into market a week or two ahead But when I arrived at my office there of others, he could get two or three were two other patients awaiting me prices for the first offerings. That this could be done by selecting a warm, dry

ing with straw or other covering when

the plants were up. And especially by grass roots, all the better, but not essential ; moisten them with weakish liquid manure from the barn-yard. Into this,

corn, etc., etc., one seed in a square. Place several rows of these sods along the south side of a board fence. Keep them sufficiently moist to sprout the seeds, and start the growth, using

larger pieces for potatoes. In cold nights, cover with coarse cotton cloth, which may afterwards be bleached and cut up for family use; or have straw at hand to throw over when needed. When the warm, settled weather arrives, and the ground is all ready, with plenty of well-rotted manure worked in, cut the sods into squares, so that each piece will have a plant in it with two or three

weeks of growth already made. Put these pieces in the ground at proper distances; plants go right on with their growth, and thus much time may be "I acted upon this advice, extending

the operation largely ; had my sods prepared in autumn, and well frozen in winter, and on a small area got seed enough started thus to plant over two acres. My early garden stuff was the town talk, brought in a heap of money, and in this way I was able to pay for that land, and get forehanded enough to put up those buildings, and I don't owe a cent. That's the way your paper gave winter, and on a small area got seed That's the way your paper gave me all you see up youder"-and the moving train cut off the narrative-the last words we heard sounding like this : enough else to do, and don't need to do can Agriculturist.

only be done by extra manuring at the beginning, but an additional "feed" should be added just before the ears "silk." Too much fertilizer cannot be applied, for corn is a plant that is seldom njured by over manuring. Another fact is that certain varieties of corn suit particular soils, and no prolific corn or any other kind will do well in some sections until after being acclimated, which may require several seasons. In Delaware they have, in one portion of the State, a corn especially adapted to that region, and while other varieties introduced there and grown by its side often produce more, the "old standard" gets ever droughts, bad cultivation and other drawbacks far better thun its rivals'; and yet this Delaware corn might not suit at all in this State. Applied externally, it will relieve you of rhoumatism, neuralita, sore throat, lumbago, carache, toothache, influmed breasts, mumpe, goot, plearisy, pneumonia, frost bites, bruises, sprains, burns, scalds, wounds, contracted old snow being as hard as ice almost. The river has worn its way through and the arch is as regular as though formed tendone, leacorthoea, swollen joints, stings and bites of insects. Sold by druggists and storekeep-ors generally. Wholesaide deport, N. W. corner 3rd and Callowhill Sts., Philad'n, Pa. [9-24-9340.] by human hands. There will doubtless be plenty of snow there all the coming summer, as it lies in a gorge where the

CELEBRATED H. H. H. MEDICINE

Persons afflicted with aches and pains, and who have not tried the great H. H. H. Medicine, do not have not tried the great H. H. H. Medicine, do not know its powers in removing pain. Give it a trial for Rheumatism, Neuraigia, and particularly Diph theria. A sure cure for horses suffering with Bone or Blood Spavin, Foil Evil and Colic. Be sure and ask for the H. H. M. Medicine, manufactured by D. D. Tomiinson, Philadelphia, as the popularity of the same has led other parties to put an inferior article into the market, hearing the same name Sold by druggists everywhere.

Denying a fault doubles it.

Envy shooteth at others and woundeth herself. Foolish fear doubles danger.

God reaches us good things by our own hands. He has hard work who has nothing to

It costs more to revenge wrongs than to bear them. Judge not rashly

Knavery is the worst trade. Learning makes a man fit company.

Modesty is a guard to virtue. Not to hear conscience is the way to silence it.

One hour to day is worth two to-mor-

Proud looks makes foul work in fair faces,

Quiet conscience gives quick sleep, Richest is he who wants least. Small faults indulged in are little

thieves that lead to greater. -The boughs that bear the most fruit

hang lowest. Upright walking is sure walking.

Virtue and happiness are mother and daughter. Wise men make more opportunities

than they find. You never lose by doing a good turn.

Zeal without knowledge is a steamship without a rudder.

For all Female Complaint BROAD WHEELS FOR FARM WAGONS. This proparation, as its name signi -The surface over which loads are ogetable Properties that are harmles drawn upon the farm is soft as a rule to invalid. Upon one trial the month pound will be recognized, awrolled in item and a wheel with a broad tire will not when its use is continued, in slootysink so far as a narrow one. A load of dred, a permanenteur, in effected as manure or hay can be drawn across tity. On account of its preven mertiplowed or other mellow ground upon a commended and prescribed by the best vagon which has tires four inches wide the country. It will cure entirely the ward for when it would be impossible to do so of the sterus, Leucorthom, irregular an with the old narrow wheels, often less rustion, all Ovarian Troubles, 100a than two inches wide. The usually Ulceration, Floodings, all Displacements and heavy, muddy country roads of early equent spinal weakness, and is experisity spring are much more passable with the from the uternain an early stage of devi-tendency to concerous humors there is wide wheels than the narrow ones ; and even upon smooth, hard roads the difference in the draft is so slight as to be
