And fly the scrubbing brashes.

Warm weather is here! The figures registered on the thermometer daily substantiates this assertion. Such being the case, you doubtless want a new suit of Spring clothing. Buy it from Godfrey Wolf, next door to the posteffice, Affoom—that is our advice. His reputation as a cheap and fair-dealing clothier stands high up, while his stock in extent and variety of styles cannot be improved on. The well-known Rochester clothing a specialty. 1861—20th Spring—1881

Twenty years of lessons in how to make and sell the best clothing. We have begun the twenty-first. All that we have found out about it, we have put into practice in making up the 21/2 acres of clothing that you will look at forour trade; it is the very largest retail clothing stock in the country; worth every cent we ask for it; and we guarantee every article.

More and Better Materials in More and Better Clothing in Lower and Fairer Prices in Than in any other retail clothing house anywhere

within reach of American money. The secret of our great business is only this: Doing our level best to make up the right kind of clothing, and having made it right, then counting

SELLING AT THE RIGHT PRICES. This we have been doing for twenty years; and have clothed over hundred of thousands,—old and young.

This Spring we Overtop every Past Spring. The spring has been so backward that we have had ample getting-ready time, and the extraordinary stock of clothing that every man and boy may choose from is without equal in America. The stock is something wonderful.

SOUND AS HONEST WORK CAN MAKE IT.

The best sewing on the best cloths, the best trimmings, the best styles, and the best money's worth that can be put into clothing anywhere. It is a great thing to say, that not another house in the land can do so much in clothing you so well. The cloths come direct to us; we buy them largely; we make up the clothing in our own well-ordered ways,-knowing all the things that belong to making clothing well,-and they will go direct from us,-the makers,-to you,-the weavers,-not a profit between. That's why Oak Hall has the lowest prices, as well as the best clothing. During the past ninety days we have, in making up this new spring stock,

so improved the patterns, our ways of making, and minor details that this spring's exhibition of ready-made clothing might be fairly called

READY CUSTOM-MADE CLOTHING. Being far in advance of any hitherto offered for immediate wear. This applies alike to Men's and Boys' Clothing.

Our Custom Clothing Department improves every year. We make to order from the finest fabrics, and believe we do the best work that can be done. Orders by mail are filled with the same promptness and care that would be given to serving you in person. Extending the compliments of the house, and a cordial invitation to everybody to come and see, and make trial of the 1881 Spring Clothing.
