Cramer, occupying about twenty five minutes, the house meantime being kept in an almost continuous roar by the salies of wit and humor therein. It also contained many items highly instructive to the pupils of the Normal Institute This was the last edition under the manage ment of the present editor, a fact which he very much deplored, not so buch on account of the pleasure it afforded him as the fear he entertained that it would get into other than entertained that it would get into other than Democratic hands. The reading was follow-ed by some remarks from the critic, Mr. C. A. SEVEN CHILDREN IN LESS THAN THREE YEARS .- We noted the fact less than two years ago that Mrs. O. C. Earl, of Homer, Indiana county, a sister of Mrs. J. H. WHAT THE COMING FOURTH WILL BRING FORTH. - We asked the question last week whether there would likely be a proper and pular celebration of the "Glorious Fourth" Ebensburg and are now prepared to say that no mistake on that score can exist. Leaving out of consideration several parochl gatherings of a social nature which are Il right in their way, our local military comany have taken the matter in hand and proose giving on the 4th, in Heist's grove, on he westward outskirts of town, one of the biggest picnics of this or any other season. There will be a splendid dinner, dancing, roquet, swinging, base ball and all the vawill updertake to see that good order is prethere. A general invitation to over ody to be present is extended, and lots of for gunranteed.

The children's picnic in aid of the Church of the Holy Name, this place, which is to be held in fluggrove west of town on the same day, has assumed a definite shape, a number of ladies and gentlemen connected with the -Aleck Fresh, after an incarceration of ix months in the county jail for raising a corthy of the cause and of the occasion. There is a debt of a few thousand dollars on the church referred to, and as this is one of the means by which it is hoped to "remove the pressure," we cannot too carnestly comthe pressure, "we cannot ioo carnestly com-mend it to the generous support of every-body. All that pertains to innocent and healthful enjoyment and sumptious feasting will be liberally provided and should be lib-erally indulged in. A two-days' picnic, beginning on the 4th of July, will be held in a grove adjacent to Carnellions on the action of the states.

Carrolitown on the coming national anniversary. To those who have once been there it ssary to volunteer the advice to go again, for they will do it anyhow, but to strangers we are free to say that a hunt throughout the length and breadth of the State could discover no better spot wherein to pass a couple of days in rational and wayup amusement.

----FIRST OF THE SEASON .- The Catholics of ior and vicinity propose to lead off in the picnic business, so far at least as we have noticed in this county, by induiging in a delightful festivity of that kind in a beautiful grove near Wilmore on Saturday of next week, June 24th, and that it will be a pleasant and well conducted affair no one can doubt who has ever enjoyed the ab und-ance of good things, edible and otherwise, so liberally provided or, such occasions by the ospitable people of that vicinity. The pro-

hospitable people of that vicinity. The pro-ceeds are to go into the churck exchequer, and the picnic and its purpose are both de-serving of generous encouragement. Next on the list is a two-days' picnic in Diamond's grove, at St. Nicholas, in Barr township, the two days designated being Tuesday and Wednesday, June 27th and 28th. This too, is a church benefit, and while there is no doubt that it will prove a source of considerable revenue, it is equally source of considerable revenue, it is equally certain that everybody who attends it will get the full worth of their money in solid en-joyment and excellent edibles. No people are more willing and able to make everybody happy about them than our good friends of St. Nicholas and parts adjacent, and a pleas-ant time and lots of fun may therefore be inticipated at the coming picnic. Music by the Carrolltown cornet band and an excellent string band.

-----A GRACEFUL AND COMMENDABLE APOLaddressed to Bishop Tulgg, of Pittsburg, by certain Cathalic residents of Lilly's Station, Washington township, this county, it is only necessary to state that a disagreement exending through several months had existed between the Bishop and the Ontholfes at Lilly's in regard to the erection of a church at that place. The church was built, but is yet in an unfinished condition. The gentleen who sign the letter, all of whom are ell known and highly respectable citizens of Lifty's, on mature reflection came to the conclusion that they had acted with undue haste in erecting the church without the approbation of the Bishop, and they addressed him this lefter regretting the action they had taken in "apparent opposition to Episcopal authority," as they themselves express it. -The letter is highly creditable to its signers, and lilustrates once more the truth of the old adage, "All's well that ends well." The

letter is as follows : To the Bland Ren. John Tring, Bishan of Plateburgh and Administrator of Allegheny:
