SHOT DOWN IN THE STREET. - About 9 o'-SMITHI clock on Thursday morning of last week, while Mr. Jacob Ehrenfeld, of Altoona, was engaged in conversation with another gen-tieman at the corner of 11th avenue and 14th street, Orlando Stultz, a young rowdy from near Newry, who had been on a protracted spree, came along the street and com abusing Mr. Enrenfeld and his friend, both of whom he seems to have known, in a most insolent manner, boasting that he could "lick" either of them. Mr. E. patiently bore his abuse as long as he thought was reasonable, and finally struck at him, the blow pass-ing over Stultz's shoulder. The two men then clinched and in the melee Stuliz drew a re-volver, which Mr. Ebrenfeld attempted to take from him. Some of the bystanders also attempted to get it a way from him, but be-fore they could do so he succeeded in firing it off after he and Mr. Ehrenfeld had fallen on the sidewalk, Stultz having the advantage of the fall. The ball took effect in Mr. E.'s left shoulder, just under the collar bone, embedding itself beneath the shoulder blade. The wounded man was conveyed to his home and the Altoona papers of Tuesdav last say that he was then in a fair way to recover. Stuftz was arrested and committed to the Blair county jail to await his trial. Mr. Elrenfeld is represented as a quiet, 'industrious man, and a most excellent citizen. He is a married man and a locomotive engineer between Altoona and Derry, is about 26 years of age, and is a brother of P. R. R. Superintendent Ehrenfeld, of Gallitzin, this county.

### ANOTHER SHOOTING AFFAIR.

A young man named James Williams of A young man named James Williams of East Tyrone, was shot on Thursday morning of last week, by Jonathan Ike, a farmer living near Garner's station, on the Tyrone and Clearfield railroad. Williams was a fireman on the road, and while his train was on the siding at the station named above, he jumped across a fence into a field and shook ome peaches from a tree, to convince his engineer that he was inistaken in saving they vere dead leaves. He picked up a few of the peaches and started for his engine, and climbing over the fence a rifle-ball fired by Ike, who was concealed in a clump of bushes, took effect about an inch below and to the left of his left hip. Like was soon after found by the trainmen behind the bushes reoading his rifle, and was arrested and subs juently bound over for his appearance at the ext term of the Blair county court. He is over sixty years of age and of good character, and has a fair chance of paying the penalty for such a wanton and careless use of a deadly weapon. The physicians had no hopes of William's recovery on Monday last.

DEAR MCPIKE-I have sharpened my pen-sil for an important and interesting work, and trust that your readers will not assume that n a moment of desperation or aberration I made bold to undertake so momentious a job of penciling ; but the theme being one of study and serious reflection. I conceive it no iess a pleasure than a duty to perform the task. If in the passages of life there be a theme truly grateful to the heart and absorbing to the mind, which sovereignly interests, nay, takes the whole soul captive : If there be one topic calculated to awaken to a sense of the positive and snatch us from the

misty regions of romance, which compelling us from the contemplation of the vague, the visionary, the ideal, forces us face to face, the Son of God. The name of Jesus in Greek corresponds with Joahue in Hebrow, both signifying a Saviour. Curure is the same in Greek as Mussiant in He-brew, meaning the annointed. The title annointed heart to heart, with the the things of earth, and hurries into the very council chamber heart to heart, with the the things of earth, and hurries into the very conneil chamber and the stately presence of the real; if there was annointing Priests and Kings with oil. Zacharias being far advanced in venrs, as was also Elizabeth, his wife, hesitated, through unbe-lief, when the angel first appeared to him, but the angel told him that he should be "dumb and ma-ble to speak until the fulfillment of the predi-tion." In the meantime the angel of the Lord ap-peared to Joseph and removed from his mind all snapleien with respect to the character of Marz, his espensed with. Shortly after this, in conse-quence of a decree from the Roman Empered fails the taing of all his subjects in the several cities, Joseph and Marz repaired to Echilehem, the city of David, to whose family they belonged. A GRAND INDEPENDENT RALLY IN JOHNSrows. - The Independent Republicans of Johnstown and vicinity held a meeting at Union Hall on last Monday evening, which is said in the report of its proceedings, pub-lished in the Pittsburg *Dispatch*, to have been very largely attended. Mr. Frank W. Hay, one of the best known and most respectable business men of the place, presided at the meeting, assisted by quite a number of Vice Presidents, all of whom had heretofore been leading and influential members of the Republican party. Several of the officers of the meeting were gentlemen who are in-ferested in the Gantier wire works and the Bessamer steel mill, which looks as if old Simon Cameron didn't know what he was alking about, or else was guilty of deliberate talking about, or else was guilty of deliberate falsehood, when he recently charged the In-dependents with playing into the hands of what it suits him to call the 'Free Trade" party, falsely attributing that character to the Democracy. The meeting was addressed by Col. Duff, of Pittsburg, the Independent Republican candidate for Licutenani Gov-ernor, Col. Wm. McMichnel, of Philadelphia, condidate for Congressman at Large and a museum of antiquaries : one and all may vanish from the world's history, but SMITH is an evergreen, a perennial, a flower a candidate for Congressman at Large, and Gen. Koontz, of Somerset. Col. Duff and Gen. Koontz also addressed an Independent Republican meeting at the Opera House in Altoona on Wednesday night.
