MURDER NEAR SOUTH FORK

ONE TOUNG MAN PUTS FOURTEEN BUCKSHOT INTO THE HEAD OF ANOTHER KILL-

We are indebted to the Johnstown Tribune of Monday last for the following facts connected with the fatal shooting of Daniel Finnegan by Stephen Moore, on last Saturday night, near South Fork, in Croyle township, on the P. R. R.: A somewhat notorious family named Moore, consisting of Charles Moore, his wife, Stephen Moore, a son twenty-two years of age, a grown up daughter and several young children, who formerly lived in Johnstown, for some time have been making their home about one mile east of Fork. Their house is said to have been a common resort for a number of profligate young men. About 10 o'clock on Saturday night last, a party of young men, con-sisting of Barnet Mock, Paul Pringle, Wm. Quinlan, George McClaren and Charles Co-baugh, all living west of South Fork, were at the Moore house. Another party consisting of Daniel Finnegan and Frank Rorick, of South Fork: Michael Owens, of Lilly's Sta-tion, and Peter Sloan and Michael Kilduff, of Gallitzin, came to the house with the intention of entering it and making themselves at home. Stepher, Moore stood in the doorway and refused them permission to go in. Owens insisted on going in, and walked towards door, followed by the others. Moore d, "No, I'll be d-d if you are coming in," and picking up an old musket which he seems to have had ready for emergencies, fired it at the crowd. All of them ran away, with the exception of Finnegan, who received a heavy charge of buckshot in the head, be-hind the right ear, and fell dead. When Finnegan's companions returned to the house to ascertain what had happened to him, they found him lying on the ground near the door with his hands in his pockets, showing that he had intended no violence, and that he had been killed instantly. As soon as Moore as-certained the fatal result of his shot, he proceeded to the office of Squire George, at Summerbill station, not a great distance east of South Fork, and gave himself up. He stated to the Squire that the Finnegan party had tried to break into the house, and that in fring on them he was acting in defence of his father's property. In contradiction to this it is alleged that the door of the house was standing wide open when the young men approached it, and that the moon was shining brightly. To the parties inside of the house Moore is reported as saying after he fired the shot, "Now I guess the sons of h—s won't come in." He is also reported to have immediately reloaded his musket while standing beside the dead body of Finnegan. Moore's father, at the time of the shooting, was up at Summethill, having gone there, it is said, for a supply of whisky to entertain his visitors. The body of young Finnegan remained at Moore's house until Sunday orning, when it was taken to the house of s father, Mr. Thomas Finnegan, at South The Finnegan family is very respectable, a brother of the deceased named John, being a conductor on the P. R. R. The remains of the deceased were buried in the Catholic cemetery at Wilmore on Tuesday. Moore was brought to this place on Sunday by Constable Pringle, of Wilmore, and lodged in jail. A jury of inquest was summoned soon after the tragedy, but adjourned with-out taking any testimony until Monday afternoon. It is proper to add that Moore sta-ted to Constable Pringle that he had no intention of shooting Finnegan, that he intended to hit Owens, and that Finnegan stepped between him and Owens and received the con tents of the gun. He accuses Owens, who is a brakeman on the railroad, with having frequently insulted the members of his fath er's family, and that he has been in the habit of offering insults to the women of the house as he passed along on his train. Moore manlfests a singular indifference to his fate, not which his crime has placed him.

It was many years since the children gathered around the family table, never before as they met this day, Paul, Susan, Lewis and John having been married since William and Elizabeth went to Iowa, four-teen years ago. In the afternoon Photograper Statler came out from Johnstown and photographed a number of groups of the family. They will be sold at prices which will considerably cut under those of any other dealer hereaway. Give him a call, or send him an order. THE breezes now are b-oysterous, The boys came home r-oysterous, And the family circle, as one man, Rises up and says, "O ! oyster us." Rises up and says, "O! oyster us."

We took occasion some weeks since to say that oysters R in season, and the foregoing, from an exchange, bears out the assertion. The cold weather of the past few weeks ought likewise to bring it to the understanding that Winter is at our doors. How better provide against its coming than by buying a suit or two of heavy clothing—such as is sold by the New York Clothing House, 210 Main street, Johnstown? This establishment deals only in good goods, sells at moderate orices, and if an article fails to give satisfaction it will be exchanged or the money be refunded.

Oak Hall and the Bi-Centennial.

Our exhibit in the Trades Procession of the Bi-Centennial Celebration on October 25th will illustrate the great stock of men's and boys' clothing now ready in Oak Hall. Our preparations for the trade of this Autumn and Winter already reach

One Million Dollars.

Our stock is in all respects the best we have ever offered, and we firmly believe has never been equaled in volume by any retail clothing house in America.

Do not fail to visit Oak Hall. Look at the Clothing and Piece Goods, go through the workrooms and see how the vast place goes on. We have a hearty welcome for all, whether buyers or visitors. The tens of thousands of friends we have made in the country about Philadelphia during the last twenty-two years are, we are sure, more firmly our friends than ever before. We have gained their confidence by giving them the best dollar's worth of clothing to be had anywhere, and we offer a new pledge of fidelity in our low prices and elegant Autumn stock for this year's sales.
