lames lives' and Keystone Watch Cases are made.

Billious symptoms invariably arise from indigestion, such as furred tongue, vomiting of bile, giddiness, sick headache, irregular bowels. The liver secretes the bile and acts like a filter or sieve, to cleanse impurities of the blood. By irregularity in its action or suspensions of its functions, the bile is liable to everflow into the blood, causing jaundice, sallow complexion, yellow eyes, billous diarrhoan, a languid, weary feeling and many other distressing symptoms. Biliousness may be properly termed an affection of the liver, and can be thoroughly cured by the grand regulator of the liver and biliary organs, BURDOCK BLOOD BITTERS. Act upon the stomach, bowels and liver, making heaithy bile and pure blood, and opens the culverts and sluiceways for the outlet of disease. Sold everywhere and guaranteed to cure.

Two floors above were similarly furnished. Every man and the besatted tramp were here .-The snoring of some sleeper and the muttering curse of some drunkard was heard, and the foul smell of the place told of suffering

'Most of the patrons of these cheap houses are regular customers,' said the clerk, 'but many of these only pay for their bed from night to night. Many of them are lucky if they have a few cents left over next morning for a drink or cup of coffee. It is impossible to keep the house clean, though we change the sheets weekly and have the place fumigated.
