ifest destiny. The terms of the arrangement with Russia, as they have been explained by Mr. Gladstone, met with nothing but denunciation from the Conservatives. Even among the sturdiest friends the Government has among the Liberals the agreement is not cordially received. The Liberal press in general admit that the arrangement is a virtual surrender to Russia of the frontier demanded. On the other hand, there are numerous ev- | Y., widow of the late ex-State Attorney dences that the Government has no idea

that peace has been secured. The preparations for war are many, and on a most extensive scale. An immense military transport fleet is being rapidly collected on the Thames, at Portsmouth and at Plymouth. The size of this fleet far exceeds any possible needs of a Soudan campaign. The Woolwich Arsenal workshops are being hurriedly enlarged by the erection of temporary structures. The workmen a suspicious celestial object, which may be in this arsenal are now on double time, engaged in preparing and packing munitions of war.

General Sir Peter Lumsden, the British Commissioner of the Afghan frontier line, has again changed his camp. This time he has fixed it at Zurabut, on the Persian side of the Herri-Rood .-Sir l'eter's present position is in the rear of the Russian advanced outposts, As Russia claims that these outposts are inside the boundary line claimed by Russia, Sir Peter's present position has been made the subject of an official representation to the British Government, Baron de Stahl, the Czar's Ambassador to England, has asked the British Government to order Lumsden's camp to be tion was only a fancy. removed within undisputed Afghan territory. This request has been refused, and Sir Peter has been instructed to keep his present position and to maintain from it communication with the Afghans stationed at Robat Pass,

On the recommendation of Earl Dufferin, present Viceroy of India, large posed of the public business. He has grants have been accorded from the India treasury to Abdurrahman, Ameer of Afghanistan, for the purpose of putting into a state of complete repair the forts of his territory, and particularly hose of Herat. This work of repair is to be done under the supervision of English engineers, and the additional guus needed by the fortifications in Afghanistan are to be supplied from Woolwich. These and other indications convince observant Englishmen that a struggle beart." between England and Russia has been merely averted temporarily.

WASHINGTON LETTER.

Christian Cynosure, Chicago, Ill.

celebrated works, unabridged :

From our regular Correspondent. WASHINGTON, March 16, 1885. The situtation in Washington is interesting, and even surprising. It is plain that In the presidential chair, around it, and be not say that certain flery reformers are not hopes. And it must be said that those mos were in remarkably good condition for a and hold; but let all wait with patience and with prayer, and they will, I think, see the glory of the new dispensation revealed, with the exaltation of the right men and princi- my stock, which I am selling right down to first cost. I am also ey changers who have so long preyed upon the substance of the country.

There is an old Latin maxim, festina lente, hasten slowly, and this seem to be the rule \$1,50. This reduction will greatly encour- of the new andministration. Reform was very properly begun at the White House | terms are cash, I cannot make these big reductions and charge goods Red Cloud, the Indian Chief from the Four clerks swept from office at one sweep per year and much desk room saved. The example was taken up in the Treasury Department where Secretary Manning has discharged forty useless employes from one bu-

> Secretary Lamar has first applied his proom to the stables adjoining the Interior Department. For years of Republican ascendency carriages and horses have been kept at extravagant expense in all the departments, and have not been used for the public service, but for the convenience of the families of public officials. The fine eqalpage that has been used to convey ladies to receptions late at night has been ordered to be sold, and the seven persons who have been carried on the pay roll as drivers will no longer have even the semblance of a over one another. Turn the loafers out and then it will be easier to find the rascals. Twenty thousand employees can be dis-\$500 to \$1,500, and you will have an idea but not an adequate one, of the amount that will be saved, for you have not taken into consideration the office room, or the furni-

It is not necessary to say that there is much uneasiness and alarm in all the departments. The reduction of the cierical force is an unepected flank movement and it has set thousands of clerks to quaking in New York in their luxurious sinecures. "Turn the leafers out," is a new and terrifying sound.

new era. An order has been issued to all the employes of the Patent Office that there shall be no more reading or talking during -Grain bags are loaned to vessels bound office hours, and those classes that are behind with their work must work after of charged against the shipper. But these behind with their work, and applicants for losses are very small. In this way thousands | patents have frequently to wait six months of bags are collected by the representatives or a year before their cases are taken up. United States from all parts of the world, ministration will introduce a new order of The company which includes several Phila- things, not only in the Patent Office, but in other branches of the public service.
