Hall's Hair Renewer produces its effects by the healthful influence of its vegetable ingredients, which invigorate and rejuvenate. It is not a dye, and is a delightful article for tollet use. Containing no alcohol, it does not evaporate quickly and dry up the natural oil, leaving the hair harsh and brittle, as do other preparations. other preparations.

Buckingham's Dye WHISKERS Colors them brown or black, as desired, and is the best dye, because it is harmless; roduces a permanent natural color; and, being a single preparation, is more covenient of application than any other.
