GEN. JOHN F. MILLER, one of the Republican U. S. Senators from California, died in Washington on Monday last, after a protracted illness. He was in the fifty-fourth year of his age, was a pative of Indiana, and acquired distinction and high rank in the army during the civil war. His term would have expired, had he lived, on the 4th of March next. Gen. Stoneman, the present Governor of California, is a Democrat, and will, of course, appoint a member of that party to succeed him. A new Legislature will be elected in California this fall and next January it will elect a Senator to serve for six years from the 4th of next March.

BRIGADIER GENERAL A. H. TERRY has been nominated by the President to fill the vacancy caused by the death of General Hancock, The new Major General, who is a native of Connecticut, entered the service at the beginning of the late war as Colonel of the 2d Connecticut volunteers, and in April, 1862, was made a brigadier genereral. His record during the war was conspicuous, his daring and successful assault on Fort Fisher being the most marked feature. Soon after the close of the war he was transferred to the western frontier, where he distinguished himself as a successful Indian fighter. He is one of the most popular officers in the army and his promotion will give general satisfac-
