HIGH STREET, - - - EBENSBURG THE GOLDEN AGE COOKING STOVE.

In presenting to the favorable consideration of the public the Golden Age ooking Stove, we do so with the utmost confidence in its merits as a successful operating cook stove. It has been thoroughly tested, we having sold in the last three years over 50,000 of them. We would call attention to the contour of the stove, it being in the highest degree graceful and well

proportioned. For weight, smoothness of castings and perfect fittings it is unequalled. As a Baker it is Perfect, and we believe that this, our latest production, is, without exception, the finest and best operating cook stove made to day.
