BEFORE STOCK TAKING.

At no time in the whole year can we offer you more inducements to buy than just now. In a few weeks we take an annual inventory of stock and wishing to have it at its very lowest when the painful duty commences, have resolved to reduce the prices on winter goods such as Overcoats, Heavy Weight Suits, Underwear, Fur Caps and Gloves to such a figure that will insure their speedy disposal.

This may seem a funny thing to do in the middle of the coldest weather but we well know that in one month more the demand for such goods is abated and they are then doomed to be carried over for another season.

Our motto is and always will be "New Season, New Goods," and now is the time to strike us for it see for yourselves. Our \$8 overcoats, our \$10 suits, our 90c fur caps and our 50c gloves then you'll talk.

—One of the greatest difficulties to good sleeping or pleasureable sleeping in this place is the draught of the cold air from the chimney. We have solved this by putting wire fences across the fireplace opening.
