MORE PROOF.

The proof of the pudding is the eating of it and the increasing business of a merchant is a sure sign of the popularity of his goods and the fairness of his dealings. Notwithstanding the wily schemes of many of our would-be competitors we are daily growing and multiplying. Our trade, so far this season, is away ahead of all previous years and our prospects for the future still brightening. Let us again assure our Ebensburg friends that their trade is ever appreciated and solicited entirely in a question of the best goods for the least money. We are still the same Reliable One Price Clothing House and defy any other to undersell us or supply the same quality, make or fit of goods that we command in Johnstown. In your purchases consult both quality and price and when comparing our goods with those of others, examine critically the get-up, the finish, the make, the fit and the lasting qualities of both. Remember orders by mail will receive prompt and careful attention.
