Defending the Indians.

Washington, September 30,-Gen-Crook has sent to the War Department a report on the recent Ute Indian troub les in Colorado. He says the difficulty arose from attempts made by Colorado officials to serve warrants on certain Indians for alleged stealing of horses and for violation of the State game laws. The General does not think the Indians were guilty of horse stealing, but is satstied that they violated the game laws. He says Game Warden Burgett, to whom the warrants were issued, went to the camp and, without attempting to explain his object or mission, suddenly seized several of the Indians, who broke away and ran for the cover of the bush. Then the posse fired, wounding three of

General Crook then says that Colorow promised to leave the country within teen days, and that despite this Sheriff Rendall attacked them and they resisted. From the outset says the General, with but one slight exception, the Indians were pursued incessantly and in every case the whites were the aggressors and | tist fourth, the Presbyterian fifth, and the fired first. Colorow had no desire to Jewish sixth. The population is about 410,armies and this, the capital, were confight and made use of his weapons in self-defense only, for the protection of his women and children and his herds. The crossing of the track at this point is between two hills, and the rehicle could not be seen until they were near upon it. -One of the greatest living curiosities in

human form is Riley Smith, of the State of Indiana, who for years has wandered about Bloomington, most of the time dependent upon the township for a livelihood. He is Johnston, Buck & Co., remarkable as being the tallest man, the smallest about the wal-t, and baying the ordered. They weigh almost 10 pounds and -Miss Minnie Rhodes, of Chenango coun- are made of heavy leather, and have broad Golleral Balking Business Transactor ty, N. Y., committed suicide the other day | heefs. The shoes are 16 inches long, the father, Cyrus Rhodes, asked her to dig some | tuches, and the ball 10 inches. Smith is a potatoes for dinner. She refused and her native of North Carolina, is 46 years old father commanded her to do it. Finally she and emigrated to indiana in 1850. He is consented to get the potatoes, and told her | married and has two children. He is a Re-

lishes its estimates of the corn crop of 1887. placing it at about 1,350,000,000 following data: The seven corn surplus States of Obto, Indiana, Illinois, Missouri, Iowaa man started to cross Clark street through small fraction of 1,000,000,000 bushels amnua gap in the string of cars and wagons, be- ally. This year all these States have suffertween a truck and an express wagon. A ed severely from drought. The Departcar in front of the latter vehicle stopped at | ment of Agricultural estimated the condiupright before the eyes of the crowd wait- | would give for these States only 570,000,000 bushels in this year's crop. The rest of tains for pine logs, driving a wagon. On duced an average of about 640,000,000 bushthe country has in these seven years prothe top of a large rock by the side of the els. But the crop this year is above the minutes walk of Large the Else average in the Atlantic and cotton States, and it has been estimated that the yield will | Kende, rich be 100,000,000 bushels in excess of the aver- ed on the premises. age of past years. This will give to the country outside of the seven corn States above named a crop of 740,000,000 bushels, came back the second time, and taking up from the seven corn States, makes a total corn crop for the whole country of 1,310,-
