The fire originated on the attic by the explosion of a lamp that Mr. Oliver Spangler, the owner, accidently let fall. The loss is estimated at $5,000 upon which there was no insurance of $2,000.

—A well which was drilled for gas on the Work House property, at Claremont, Allegheny county, developed into a full-fledged oil well on last Monday. The oil was struck at a depth of 2,900 feet. —A scientific exchange says: "The habit of gum chewing in this country is producing a race of hollow cheeked young women. Not only is the fullness of the cheek destroyed but there is a tendency to wrinkle the skin, a natural result of the falling away of the pads beneath it.

About two hundred men are thus thrown out of employment.

The letters and figures are yet very plainly read.—*Indiana Times.*

Glasser starts to-morrow (Tuesday) for his home in Carrolltown, on a two weeks' visit to his parents, and when he returns it will be to take a position which he has secured in the store of Woolf, Son & Thomas as salesman. Mr. Glasser has a large acquaintance in the north of the county and along the railroad, is a popular young gentleman beside, and will no doubt prove a valuable acquisition to his new employers.—*Johnstown Tribune.*

—Miss Naomi Owens, of Peelorsville, undertook to get out of this wicked world by the laudanum route, on Wednesday night of last week. She was found lying insensible on the street, taken to the house of her brother-in-law and a physician summoned who administered an emetic, and after careful attention succeeded in restoring the young women to consciousness. She is about eighteen years of age, and unrequited love is said to have been the cause of her rash act.

—An act passed at the last session of the Legislature reduced the compensation of county auditors from $5 to $3 per day. In several parts of the State the auditors took the position that the new act could not be enforced because the Legislature had neglected to repeal the old law. It is said that the courts have sustained this position. The auditors of this county, who were paid for their services at the $3 rate, appeared before the commissioners on Monday and asked for the additional $2 per day. After consulting with their legal adviser the commissioners decided to pay the claim and issued to each auditor a check for $37.—*Bedford Gazette.*

—"Romey" Bracken, of Jackson township, served two days as a hostler at the Central House in this place, last week, and what he didn't know about horses was not worth knowing. In fact he knew too much, for on Sunday Constable Rowland, of Blacklick township, armed with a warrant, arrested him and located him in jail. Some time last April, Bracken hired a horse in Clearfield county and took it to Johnstown, where he disposed of it, and since that time he has been living a sort of a retired life. We understand the owner of the horse got the animal back some time ago, but until Sunday last the minions of the law were unable to get their hands on Bracken.

—In a decision handed down last Saturday, Judge Albright, of Allentown, held that constables are entitled to pay for visiting saloons as required by the Brooks High License law. The act compells all constables to visit hotels and saloons once a month and report violations of the law, but does not make provision for paying the officers for this extra service. Some time ago the constables of Lehigh county decided to bring a test case to recover mileage and fees, and the Court decided that for the services imposed under the act constables are entitled to twenty cents for each visit to a restaurant or hotel, and mileage, the same as is allowed for serving summonses. This will be good news for the constables, and is certainly no more than fair.

—The report was sent to this place on Thursday of last week that a married woman named Mrs. Long, residing at Spruce Creek, had attempted to drown her little babe in the Juniata river at Barree. She came from Spruce Creek on the Seashore Express, and walked to the bridge over the river at Barree, and was in the act of dropping the child into the water head foremost, holding it by the feet, when she was seen by a woman near by, who ran to the rescue of the babe and prevented the woman from accomplishing the inhuman deed. She was taken into custody by several of the citizens, and is held for the action of the court officers of this place. The woman is believed to be insane. The child is only three months old.—*Huntingdon Local News.*

St. Boniface Items.

ST. BONIFACE, July 31st, 1888.

DEAR FREEMAN:—The new Brubaker railroad is now completed to the coke ovens three and a half miles north of Carrolltown. The railroad runs within a mile of our village and will be a great benefit to the people in this locality. A new town, Hastings City, is laid out one and a quarter miles from St. Boniface and is building up very fast. The location is a good one and the new town is already larger than ours, although we have the age on them by thirty years.

Last week there were thirty-one building lots sold in Hastings City and everything there is booming. A number of new buildings are projected and before long Hastings City will be one of the busiest towns in the north of the county. St. Boniface is also getting livlier every day since the advent of the iron horse. We have coal and other minerals enough in this section to supply one or more railroads for several hundred years, of the best quality. At least that is the reports of the experts who have examined it. Every farm has been leased and the people have got their cash. MONTES.

BARKER—Died at her home in Ebensburg, on Tuesday, July 31st, 1888, Mrs. Cecelia J. Barker, wife of Hon. A. A. Barker in the 67th year of her age.

The deased was born in North Bridgeston, Maine, on the 20th of October, 1821, and came to this county with her husband and family in 1858. After residing about a year in Carroll township, the family removed to Ebensburg, where they have continued to reside ever since. Mrs. Barker had long been an invalid, a sufferer from shaking paralysis, the disease having first attacked her about nine years ago in one hand, and since that time, has been slowly but surely doing its fatal work, and for the past two years she was unable to leave her room. She was an earnest, hopeful, christian woman with many virtues and bore her long sufferings with a christian fortitude. She leaves a husband to mourn the loss of a faithful wife, and four sons all grown to manhood and residents of Ebensburg, namely, V. S., F. H., A. V., and C. H. Barker, to mourn the loss of a fond and loving mother. Her funeral took place to-day (Thursday) at 10 o'clock A. M., from the Presbyterian church of this place of which body she had long been a faithful member.

SKELLY—Died in Waco, Texas on Monday, June 27th, 1888, Mr. James Skelly, aged 66 years 8 months and 12 days.

The subject of the above notice was born and raised in Summerhill township, Cambria county, and was a son of John Skelly, deceased, and brother of Daniel, Alexander and Philip Skelly, who still live near the old homestead.

When the call was made for troops for the war with Mexico he enrolled in the "Old Cambria Guards" Company A, 2d Pennsylvania Vols. under Captain James Murray and served with credit in all the engagements his command was engaged in. After his return he taught school and for a time ran an engine on the Old Portage railroad. He, about that time was united in marriage to Sarah Singer, daughter of John Singer, of Jackson township, and soon after removed to Jefferson county, Iowa, where he located his land warrant, but tiring of the West he in a year or two turned his face eastward and returned to Wilmore and ran an engine on the P. R. R. for a time when he again retraced his steps toward the setting sun and located on the Missouri River in Harrison county, Iowa. When the Pikes Peak gold excitement struck the country he was caught in the whirl and after an unsuccessful search for the shining metal he returned to his home in Iowa, which he soon after sold and removed to Kansas; not finding that country congenial to his tastes he next located in Arkansas and from there found his way to Texas. When the late war broke out he enlisted and was commissioned a lieutenant, he served about a year when his failing eye-sight compelled him to resign, and he was for the last few years almost totaly blind. His wife preceded him to the grave about seven years ago. He was the father of eight children, six of whom survive him and live in Texas. Those who knew James Skelly best esteemed him most, a brave soldier, a competent and careful engineer, a painstaking and efficient teacher, a kind and indulgent husband and father, an obliging and good neighbor and an honest man is the eulogy that could be truthfully cut on his tombstone, and his many friends in Cambria county will bear willing testimony to its truthfulness. May his eternal rest be a peaceful one.

sufferers ought to know of its efficacy. Ely's Cream Balm was recommended to me as a preventive to Hay Fever. Have been using it since the 9th of August and have found it a specific for that much dreaded disease.
