# Cambria Freeman.

EBENSBURG, PA.. FRIDAY, - - JAN. 4, 1889.

It is estimated at the Treasury De tive and probably more correct, puts the partment that there has been a decrease railway construction of the year at of \$15,000,000 in the public debt during | 6 430 miles. The difference is explained the month of December.

BLAINE's friends are leaving no stope unturned in their efforts to get him into Harrison's cabinet. But with all their work it locks very much at this writing as if their efforts would prove unavailing. This is likely to prove a Ler being extensions of American syscold winter for Mr. Blaine,

THE Scranton Steel Works in consecuence of the boom that was to follow Harrison's election has shut down. Oa the high tariff plan, the operators make enough that they can afford to shut down now and then and s ill be amply rewarded for the capital invested, while some time to come. But as the Age the workmen will be allowed to starve points out, the tracklaying of 1888 has between times.

MR. SPRINGER, Chairman of the below the average for the preceding 10 Committee on Territories, proposes that years, if Dakota shall be divided into two States that the Southern portion be named "Winona', and the Northern part "Dakota ;" that New Mexico be called "Montezuma," and Washington Territory be named "Laconica," while | feature of the work was the construc-Montana shall retain its present name.

Some paper sends out the following about the Panama Canal, but whether corrector not we do not know : The stockholders of the Panama caual have now on hand \$100,000,000 worth of machinery, \$150,000,000 worth of uncollectable claums against swindling offl cials and \$50,000 000 worth of uccompleted canal. But the French will no willingly abandon the Panama Canal, in spice of the present very gloomy outlook for that enterprise.

PRESIDENT-ELECT HARRISON on ever before. Saturday took out a \$10,000 insnrance policy on his life In view of the coming year, the Engineering News men in mills, mines and factories are although Russia appears to be playing fact that the hungry horde of office- states there is a great mileage under growing in the fairb, and can take care the "waiting game." there is no telling seekers wore his grand, fathet's life out way as far as promoters and engineers of themselves. .

CONSUL ASTWOOD, the United States representative to San Domingo, has proven himself to be one of the checklest men that the country has produced. In partnership with a man named H. M. Linell, another enterprising citizen, he has made a proposition to the San Domingo government to excitit the bones of Christopher Columbus throughout the United States, they (Astwood and Linel!) to divide the profits with the San Domingo Goverdment, guaranteeing that San Domingo shall receive not less than \$200 000 a year out of the enterprise. The San Domingo Government, declined the proposition and Consul Astwood has been recalled.
