St. BONIFACE, Jan. 3rd, 1889. DEAR FREEMAN : As nothing of importance from this vicinity has been reported to you of late I will give you the following

Our new town of Hastings is growing like a willow-there are now about seventy dwelling houses built and some of them in very good style. The town plot was well laid out and when built up the town will present a handsome appearance. The streets are named as follows: Harvey, Spangler, Beaver, Coleman and Mitchel-There are others but I have not yet learned their names. The streets are from 50 to 60 feet wide and well graded, there are seven avenues which are 40 feet wide; three building lots 50x150 feet are in a square with a 20 feet alley between each square. Mr. Thomas Ott, of St. Boniface built the first house in Hastings last March in which two families have been living ever since. The town is one mile west of St. Boniface and 314 miles north of Carrolltown. ocated on the farm of F. J. Baker, who is still living there and pleased to see the wonderful improvements going on. It is partly in Elder and partly in Susquebanna townships, on Brubaker run which passes through the middle of the town and the railroad follows the run. Two trains come and go daily and business is lively. There are now eight stores and eleven hotels. I am told that they are ready to make appli-

cation for license. Mr. J. H. Kelly, of Altoons, better known is the "oil man" who has been leasing land through Northern Cambria and parts of Indiana and Clearfield counties for the past three years, has at last succeeded in getting a company organized, consisting of some of Altoona's best business men with ample capital, who intend to commence drilling a Trexler school No. 1, Clearfield township, well for gas at or near the two gas wells in and spent an interesting afternoon in a Canne township, Indiana county. If they strike gas they will pipe it across the country a distance of 40 miles to Altoona. They have some of their machinery already on the ground and will commence drilling in a the Eckenrode school enjoyed their d-feat few days. Mr. E. M. Mr. Kelly, who is superintendent for the company, is an experienced man who has been engaged City Alpine Hotel register, is noticeable for for a number of years in the Butler oil regions and will push the work rapidly to completion. That the company may be successful in striking something that will

pay them for their investment is the earnest Yours truly.

At its birth it was apparently sound and healthy, all its parts, including, its head, being of natural size. Some time after the child was born its head began to grow out of all proportion to the rest of its anatomy. Doctors were consulted and everything that medical science suggested was applied to

stay the uncatural development. All efforts proved futile, however, and the growth of the head continues. I bave been a great sufferer from catarrh for over ten years; had it very bad, could hardly breathe. Some nights I could not sleep—had to walk the floor. I purchased Ely's Cream Balm and am using it freely, it is working a cure surely. I have advised several friends to use it, and with happy results in every case. It is the one medi-cine above all others made to cure catarrh, and it is worth its weight in gold. I thank God I have found a remedy I can use with safety and that found a remedy I can use with safety and that does all that is claimed for it. It is curing my deafness.—B. W.
