THE Democratic State Convention will be held in Harrisburg on Wednesday, September 4th. A candidate for State Treasurer will be nominated.

IT can be stated on unquestioned authority that the Democratic National Committee does not intend to let the election in the four new Northwest States go by default. The alarm felt in Republican circles over the result in these States appears to be well founded, The Democratic National Committee has decided to make a vigorous fight in all of the four new States. All factions of the party are united on that point. The election comes in October and Colonel Brice believes that at least two of the new States-Montana and Washington-can be safely landed in the Democratic camp. If this can be accomplished it will be a substantial victory that will go far towards shaping the result in 1802.
