HASTINGS, Dec. 10, 1889. EDITOR FREEMAN :- Not having heard from cur town through your paper for some time, and it being so muddy that I could not travel through the town to find loafing places, I thought that I would try and amuse myself by sending you a few items. The wreck on the Clearfield and Cambria railroad caused the miners to be idle for a few days, but all are at work now and everyone appearing to be happy.

The new slope is proving to be a grand success under the management of Mr. Mc-Hugh. In a short time they will be able to ship coal and by next summer they expect This will be a big boom for Hastings.

The long looked for station is completed and adds much to the appearance of our town. Mr. Parks is the operator, and we wish him a pleasant time while in our midst.
