26, 1890, Miss Margaret Noon, aged about The subject of this notice was a sister of Rev. Father Dominick Noon of St. Joseph's Convent. Perry county, Ohio; of Mrs. Michael Noon, of Carroll township; of Miss Mary Ann Noon, who died in January, 1888, and of Philip and James Noon, of Munker township. Althowsh living in the world with their crother, James Noon, on the old homestead, the Misses Noon enjoyed the rare privilege, of beaux professed religeuse of the Third Order of St. Dominick, the name in religion of the deceased being Sr. M. Catharine. Under the unostentations guise of persons living in the world, these two devoted indies rigidly performed the devotions of the Order, and their charitable works, although sussen by the world, were none the loss meritorious, and none but the All-seeing Judge knows the full merit of their self-sacrificing lives. On Saturday last after a High Mass of Requiem, celebrated by Rev. Father Bush in St. Aloysius' churth, Loretto, the mortai remains of the deceased were laid to rest in the cemetery of the church, and the mourning triends and relative returned to their home, consoled with the hope that they had paid the last sad duty to one, the sanctity of whose life is ample assurance, that she is now one of the virgins that follow the Lamb wherever hie goeth in the ward Brady, and about three o'clock on

Pianos-Organs.

Pianos, invented by us, is one of the most important improvements ever made, making the instrument more richly musical in tone, more durable, and less liable to get out of tune. Both the Mason & Hamlin Organs and Planes excel chiefly in that which is the chier excellence in any musical instrument, quality of tone. Other things, though important are much less so than this. An instrument with unmusical tones cannot be good. Illustrated estalogues of new styles, introduced this season, sent free.
