

**LOCAL AND PERSONAL.**

The body of a man was found in the river at the mouth of the Juniata on Friday last.

Mr. Sherman Hynes, son of John Hynes of Cambria township, and Miss Hattie Ferguson, of Altoona, were married at the Mountain House in this place, on last Friday evening by Rev. Bowman.

We have a speedy and positive cure for Catarrh, Diphtheria, Canker Mouth, and Hoarseness, in Dr. J. R. Cooper's Catarrh Remedy. A Nasal Injector free with each bottle. Use it if you desire health and sweet breath.

The Johnstown Democrat says that a leading official of the Cambria Iron Company expresses his opinion that within two years his Company will be mining more coal than ever in their now practically abandoned mines about the city. The cause of this is the total failure of gas supply which he regards as a certainty. Many tons of coal are now used daily, about the works, to make up the deficiency in the supply of gas.

A stranger named August Warner, who had been drinking around the barrooms in Gallitzin was found in an alley on Friday night with his skull fractured, his head cut in several places and his left hand broken. A singletree of a wagon covered with hair and blood was found near by and it was believed that the man had been knocked down and robbed. He was taken to the almshouse where he is lying in a critical condition.

The account of Judge Johnston's ill health, published in the Johnstown Tribune on Friday last, is greatly exaggerated. While it is true that Judge Johnston was ill a few weeks ago, his condition was not alarming and he has since regained his accustomed good health. His physician advised him to take a rest and for that reason Judge Krebs, of Clearfield, is holding court this week. Those who meet Judge Johnston on the street were surprised at the Tribune's overdrawn account of his ill health.

The Carrolltown News says: Mr. Gideon Meek, of Susquehanna township, called at the News office on Wednesday morning and informs us that he, J. K. Myers, Levi Pines, John Swank, Milton Westover and Frank Garman, sold their right to Bigler Bros., of Clearfield, on last Monday. The amount realized was \$30,000 and \$20 per acre. The entire number of acres will probably reach six or seven hundred. This body of coal is in the neighborhood of Garatontown, four miles above Cherrytree.

Twenty years ago a boy baby was born to Charles and Bella Leach, of Indiana county. The infant was normal in every respect save as to the head, which bore a close resemblance to that of a puppy. The monotony was kept closely confined. It never awoke, and saw nothing of the world. Death mercifully came to its relief last week. Of late years the head grew much like that of a fox. The mother, previous to the child's birth, was frightened by such an animal while picking berries in the woods. —*Westmoreland Democrat.*

On Friday last week George Hill, a teacher in the employ of John Angus, of East Conemaugh, attempted to drive across the railroad at the Cambria cross. The day Express was coming up the track, but owing to the view in that direction being obstructed by the hill, the driver failed to notice the train until on the track. The engine struck the front carriage of the wagon and hurled the man, horses and wagon down the embankment. Assistance at once ran to the spot but the man only gave a gasp and two expired. Both horses were killed. Hill was about twenty years of age and his home was in Strongstown, Indiana county.

Joseph Host, a wealthy farmer of Heidelberg township, Lebanon county, has been acquitted of the charge of cruelty to animals in his case of the horns of his cattle in November. It was a test case, and had the defendant been convicted, a number of prosecutions would have followed. The debarking of cattle, which has been observed for some years in the west, has been recently introduced in Eastern Pennsylvania. Many farmers are opposed to it. Experts were examined from all parts of the country. The preponderance of testimony was in favor of the defendant. A number of witnesses swore that they regarded the practice a humane one. It was shown that Host had debarked fifty head of cattle, but that he would give \$200,000 for a new steamer. He is now getting what is wanted by the use of buttermilk. He said recently to a reporter: "You put the buttermilk in a pan which is set in hot water. The milk is then brought to the boiling point, but is not allowed to boil. The heavy part is then skimmed off. The whey which remains is set aside to cool. I drink a glass of it three or four times a day, as hot as I could bear it on my throat. After you get used to it you will like it as well as champagne. It is a delicious taste. I have been a great sufferer for years with inflammation of the mucous membrane, which caused my dyspepsia. This was the only thing that has ever permanently helped me."

J. Wilkinson & Son, marble and granite dealers of Ebensburg, Pa., wish to inform the public that they are prepared to fill all orders for cemetery work, in either stone or granite, at prices that defy competition. The artistic excellence and superior workmanship of their designs are evidenced by the many specimens now on exhibition at their establishment and by the numerous designs which they have erected in the various cemeteries in this county and elsewhere. Every department of their business is in the hands of skillful and competent workmen, who are capable of executing any piece of work from the plainest to the most elaborate, which to every job receives a guarantee that perfect satisfaction will be given to the most exacting of patrons. They ordered forty tons of marble which arrived in April, and now have as fine, if not the finest, stock of the best marble that ever came to Western Pennsylvania. Persons wishing anything in the line would do well to give them a call before leaving their order with any other manufacturer, as you can depend upon getting a good job at a fair price.

**The Convention.**

On Monday the Democratic return judges met at the Opera House and after selecting George A. Meigs, of Postage, and Thomas J. Hill, of Johnstown, as secretaries and W. A. E. Little, Esq., of Allegheny township, as reading secretary proceeded to count the vote. A tabular statement of the vote will be found on our second page.

After the returns had been handed in and counted the newly elected County Committee was called together by Chairman Gray, who announced that the first business before them was the selection of a chairman for the ensuing year.

The name of ex-Sheriff Gray was suggested and he was unanimously re-elected.

For delegates to the State Convention, Col. John P. Linton, of Herman, Baumer, H. A. Englehart, F. J. O'Connor, H. A. Shoemaker, William H. Thomas, Dr. George W. Wagner, P. F. Martin, Richard Bowen, Caron Lahey, P. J. Dietrich, C. N. Crouse and A. J. Christie, were named.

Before the voting for delegates had proceeded Dr. J. E. Conrad, commissioner from 5th ward, Johnstown, handed to the chairman a resolution instructing the delegates to vote for Robert E. Pattison, for Governor. Chairman Gray, after some consultation, decided to hold the resolution over until after the election of delegates and a ballot was then taken which resulted as follows: Linton 27, Baumer, 16, Englehart 26, O'Connor 17, Shoemaker 27, Thomas 23, Wagner 15, Martin 11, Bowen 33, Leahy 14, Dietrich, 26, Crouse 5 and Christie 7. Messrs Linton, Dietrich, Bowen, Englehart and Shoemaker were declared elected.

The resolution was then offered instructing the delegates elected to vote for Robert E. Pattison, for Governor. An amendment was offered substituting the name of William A. Wallace, for Governor. After some discussion a suggestion was made that the chairman call the roll, when each committeeman should announce how he voted to the delegates by naming Pattison or Wallace.

The roll was called and a vote taken which resulted as follows: Pattison 36; Wallace 19.

Mr. Greevy having no opposition for Congress a motion was made and carried allowing him to select his own conferees.

**Remembrance of the Flood.**

BALTIMORE, June 9.—A case which had rise in the awful flood and attendant loss of life at Johnstown on May 31, 1889; came up in court before Judge Dennis today. It was that of the Supreme Lodge Golden Chain against Bertha H. Canman and William Lloyd Hooper, administrators of Walter Hooper, et al. The fact that there is but one witness adds a peculiar interest to the suit. The defendants are claimants respectively to a beneficiary fund of \$3,000 held by the order of the Golden Chain. A bill was filed asking the court to determine whom the fund should be paid to. On the day of the fatal disaster Hooper, with wife, two children, servants and visitors, eleven in number, were in a house owned by Hooper, on Maple avenue, Woodvale, and he was drowned. Mrs. Canman, who was Hooper's sister-in-law, administered the money against Hooper, administrator of Mrs. Hooper, but the children it is alleged survived some minutes after the death of the parents. Mrs. Canman claims that all of the parties died on the occasion and she removes intestate interests and that she therefore is entitled to the fund. For the defendants it is claimed that Mrs. Hooper is not shown to have died before her husband the fund must belong to her estate, but if not must go to the friends of the infant children as they survived.

**Extension of Dining Car Service on the Pennsylvania Lines.**

In these days of hurry and rapid transit the dining car has become an essential element in the train. The Pennsylvania railroad was the pioneer in the East of this branch of the service, and its dining cars have won a well-merited reputation among travelers. In order to better provide for the comfort of its through passengers, dining cars will, on and after June 10th, be added to the equipment of all through trains running over the lines west of Pittsburgh between the East and Cincinnati, Chicago and St. Louis. The principal trains, together with the extent of Pittsburgh are now equipped with the cars, and their addition to those of the Western territory will greatly enhance the convenience of passengers destined to the three western termini.

**What is a Cold?**

In the head? Medical authorities say it is due to uneven clothing of the body, rapid cooling when in a perspiration, &c. The important point is, that a cold in the head is inflammation of the living membrane of the nose, which, when unchecked, is essentially a "cold" which nature is no longer able to "resolve" or throw off. Ely's Cream Balm has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.

**Remembrance of the Flood.**

PRINGLE.—Died at his home in Croyle township, on Thursday, June 5th, 1890, Isaac M. Pringle, aged 66 years, 1 month.

MAKIN.—Died at the residence of the parents near Ebensburg, Sunday, June 1st, 1890, Bennie, son of Harry and Alice Makin, aged 1 year and 6 months.

Bennie, thus has left us, how thy loss we deeply feel, but we bid thee bid thee rest, we can all our sorrows heal.
