For several years the Pennsylvania rail road company has run a series of excursions to Washington, D. C., at a season when the national capital is in a whirl of pleasure and social activity, and these tours have met with marked success. This year the company has just announced a series of three; to leave Pittsburg Jan-

uary 15th, February 5th, and March 5th. Excursion tickets, good for ten days from date of sale, admitting of a stop-over in Baltimore in either direction within the proper limit, will be sold from Pittsburg at \$9.00, and correspondingly low rates from congratulate Messrs, Johnston, Buck & other station in Western Pennsylvania. The tickets will be good for use on any regular train of the dates above named, except limited express trains; and in addition to the regular service a special train of parlor ears and day coaches will leave Pittsburg at 8 A. M., and run through to Washington, stopping at principal stations. The return coupons will be valid for passage on any regular train within the return limit,

except the Pennsylvania Limited. Both branches of Congress will be in daily session, and, in fact, every branch of the public service may be seen in the actual work of conducting the government. The public buildings, embracing the Capitol, White House, Treasury, State, War and Navy Departments, the great Smithsonian Institution, the National Museum, are open to the public every day and offer a field for interest and study that cannot be excelled anywhere. The great Washington monument, the highest memorial shaft in the world, is in itself worth a trip to see. The rates are unusually low, and the limitation of the tickets ample for a most pleasurable trip.

### Beats McGinty.

One day last week Mr. Valentine Thomas. of Carrolltown, in assisting Mr. McBeth, a neighbor, to repair a pump, undertook to go down into the well by suspending a sixteen foot ladder with a chain to a plank John Brown, boss roller at the Cambria | across the top of the well, and made a narrow escape with his life. The well was ted that it had to be amputated a short forty-five feet deep, with fourteen feet of water in it, and Mr. Thomas had scarcely got on the ladder when the hook fastening the chain slipped and down he went like a flash. He stuck to the ladder until it struck the bottom, when the rung to which he held pulled out and he went under. Strange as it may seem, he escaped unhurt and climbing up the ladder, kept above water by standing on the top rung and leaning against the side of the well until the parties above hunted up a rope of sufflicient length and strength to pull him out. Mr. Thomas certainly had a novel experience and we congratulate him on his

And with it there is no smoke, no smell, no broken chimneys, no flickering, no sweating, no climbing up of the flame, no "tantrums" nor annoyance of any kind, and it never needs trimming. Its founts (oil reservoirs) being tough rolled seamless brass, with central draft, it is absolutely unbreakable, and as safe as a tallow candle.

Only five years old and over two million of these lamps in use. It must be a GOOD lamp to make such a telling success. Indeed it is, for lamps may come and lamps may go, but the "Rochester" shines on forever! We make over 2,000 artistic varieties,—Hanging and Table Lamps, Banquet, Study, Vase and Piano Lamps—every kind, in Bronze, Porcelain, Brass, Nickel and Black Wrought Iron.
