There is no parallel in the history of team shipping to the record of some of the White Star Company's vessels. The Britannic, which recently made the run from Sandy Blook to Oueenstown in 7 days. hours and 55 minutes is one of the most otable of the vessels of this line. Although this was her three hundred and eighteenth transatlantic passage, she made her best record of 16.08 knots, or nearly nineteen miles per hour. When it is remembered that this high speed is obtained in a vessel over-sixteen vents old, with her original compound engines and beliers, on a small coal consumption, it will be seen that the Brittanic has given results unattainable by the fastest ships of the present

vessel are attributed by many engineers to the shape of her hull. The extreme fineness of entrance, the absence of forefoot the long and full wadship section, and the graceful run aft ure features more pronounced in the Britannic and Germannic

than in other vessals. John Hitchen, whe was for sixteen years in charge of the did Adriatic's engine room and who was promoted to the White Star steamer Brittamie's engines in August, 1886, has a record of which he is justly proud. He has made 754 round trips between Liverpool and New York, nearly a million nautical miles, without once disabling his engines .- None York Times, Norember 4th, 1890.

The steadiness with which the actual and relative prosperity of this institution is maintained year after year is the highest testimonial to the superior qualities of its principal officer, Mr. A. W. Buck, as a prudent and successful bank officer. He assumed the management of the bank when its deposits were less than \$22,000, and has since that time gradually year after year built up its business until now it boasts of a line of deposits amounting to nearly a quarter of a million dollars, with annual carnings exceeded by very few banks in the interior of the state. And as a further mark of confidence we are pleased to note that, while nearly all other banks in the community have lost heavily in the way of deposits since the recent financial flurry. the deposits of this institution are quite up to what they were a few months ago. The bank has just rounded out its 19th year and

Checked the frightful inroads of Scrofula and all blood-taints. Dr. Pierce's Golden Medical Discovery purifies and enriches the blood, cleanses the system of all impurities, and restores health and strength. It cures all diseases arising from impure blood. Consumption is one of them. It's simply lung-scrofula. In all its earlier stages, the "Discovery" effects a cure. It's easy to see why. The medicine that masters scrofula in one part, is the best remedy for it in another. It is the best. It's warranted. It's the only blood and lung remedy that's guaranteed to benefit or cure, or the money will be refunded. No other medicine of its class does it. How many would be left if they did?

It's the cheapest blood-purifier, sold through druggists, (no matter how many doses are offered for a dollar,) because you only pay for the good you get. Your money is returned if it
