Kansas City, Nov. 3.—Dispatches from various counties in Kansas show that the Alliance did not hold its own at to-day's election. The returns are very slow in coming in, and only 47 counties of the 106 in the state have been heard from. In only two of them have the Alliance made a clean sweep. The counties show almost invariably Republican victories or Republican gains. In the result of the elections held in ther states on Tuesday the Democrats have reason to feel jubilant. New York, by the returns show that she is strongly anchored in the Democratic column and that in 1892 she will not be found wanting. The Republicans made a strong attempt to carry the state but their ef-
