calculation that in an ordinary family of | been too long allowed to disgrace an imcarpets, blankers, hats, etc., in the challenge to the decent sentiment of the course of a year is \$60. Investigations, people of this kind when brought home to gen eral public apprehension will set a great many people to thinking. The cry for "free wool" is destined to grow louder until the prayer of the taxpayer shall have been heard and heeded.

THE Alger boom has been definitely launched by the Michigan Republican For this reason the Alger boom may develop into a bigger thing at Minneapolis than is expected.

OUR neighbor the Heald gives this taffy to the farmers

"Farmers will make a note of this: Exports of breadstuffs for February of this year amounted to \$23,850,950, as against \$8,349,997 for the same time last year. This a Republican administration has done for the country.

The cheek of the protectionist organs is amusing. To think of ignoring Providence and crediting the abundant erops in this country and the famine * in Europe to the Republican administration is only equalled by trying to make workingmen believe, in the face of reductions all over the country that the tariff is a blessing and keeps up their cratic party on the tariff question. The

The number of newspapers published in all countries is estimated at 46,000, or which number about 24,000 appear in Europe. Germany heads the European list with 5000, then comes France with 4100, England with 4000, Hustria-Hun gary with 3500, Italy with 1400, Spair with 850, Russia 800, Switzerland with each, and the rest appear in Portugal the Scandinavian and Balkan countries The United States has 18,700 newspapers Canada has 850, and Australia also has 700. The people of the United States, therefore, read and support about as many newspapers as England, France, Germany Austria-Hungary, Italy and
