Hon. Daniel McLaughlin will soon be removed from the Memorial Hospital to the home of his family.
The McLaughlin family have rented the home at Cresson, and where they will spend the summer.
It is hoped Mr. McLaughlin's health may improve in the mountain air.

Rev. Father Andrew, Arch-Bishop of the Benedictine order at Litchfield, some time ago sent in his resignation to the Holy See and on Wednesday received a dispatch from His Holiness, stating the resignation was accepted.
Father Andrew succeeded the late Abbot Wimmer.

Rev. Father Deasy, pastor of the Catholic congregation of this place, has rented the Opera House in this place, for the 4th and 5th of July.
A festival will be held, the proceeds for the benefit of his church, but as yet no definite arrangements have been made.
We expect to announce the program next week.

A grand picnic will be held at St. Michael's Parochial Hall at Layette, on Monday July 31st.
Dinner and supper will be served in the dining room of the Hall, and dancing will be in order from early morning until late in the evening.
The picnic has been secured, and everything will be done to make it a pleasant affair.
Everybody invited.

At a meeting held on Memorial day by the Cambria County Historical Society, a committee was appointed to receive and solicit subscriptions for the purpose of erecting a soldiers' monument at this place.
The following committee have been appointed: J. W. Beck, W. B. Beck, T. J. Davidson, Edward Jones, Charles A. Langhin, Lester Larmer and Walter Thompson.

Contractor Charles McFadden last week presented County Commissioner Lloyd with an elegant gold watch and chain, and also gave a fine new buggy to Mr. Foster Griffith, one of the place.
Messrs. Lloyd and Griffith were agents for Mr. McFadden in the purchase of a large lot of Blacklick coal lands, and from the indications, Mr. McFadden appears to be pleased with his investment.

On Sunday night burglars entered the office of the railroad company at Hastings and succeeded in robbing the safe of about seventy dollars.
The safe was blown open with dynamite and the burglars had to make a hasty retreat.
The entrance to the station house was made by breaking the doors, and for that purpose tools were stolen from the blacksmith shop of Stephen Grassberger in the vicinity.
Some parties are suspected, but whether they are the guilty ones or not is not yet known.

Captain James Snyder, who for the past thirteen years has been the accommodation conductor of the branch, has been transferred at his own request to the main line and will run between Altoona and Pittsburgh.
Everyone hereabouts is sorry to see Mr. Snyder go, as he is one of the most accommodating men that ever left a fare or punched a ticket.
His family will remain in Ebensburg until he secures a suitable home in Altoona, where they will make their home in the future.

At an early hour on Thursday morning the safe of the office of J. C. Martin at Portage was broken into and the combination of the safe broken into and filled with dynamite.

The question is often asked and scarcely ever answered, why whiskey made now is not as pure and reliable as it was forty years ago.
It is nevertheless a fact that it is made purer and better to-day than at that time.
With the improved methods of distillation, and the fact that the old whiskey was made from the grain of the old country, and the fact that the old whiskey was made from the grain of the old country, and the fact that the old whiskey was made from the grain of the old country.

On Thursday forenoon eleven o'clock the grist mill of John and Richard Evans, in Cambria township, about eight miles northwest of Ebensburg, was discovered to be on fire in the attic and the flames had already made such progress that the building was past saving.
Close to the grist mill was a steam saw and playing mill and these too, caught fire from the burning gristmill and were soon reduced to ashes.
Along with the buildings about two hundred dollars worth of grain and about five hundred dollars worth of lumber were also destroyed.

The property was an old land mark in Cambria township, the burned mill which was built about twelve years ago standing on the site of an old grist mill owned by Richard Evans, and the present owners were two of his sons John and Richard.
The loss is estimated at about \$6000 with no insurances.
The mills were run by water power when the water supply was sufficient, and when rainfall was abundant to furnish the power when the water was low.
It is supposed that the fire originated from the furnace, the engine being in use when the fire occurred.
