On Monday afternoon before the adcornment of Court the Cambria county Bar Association adopted the following reolutions on the death of Geo. M. Reade, Esq., which were ordered to be entered or the records of the Court. Addresses were made by W. H. Rose, F. A. Shoemaker, Alvin Evans, D. E. Dufton, John Fenion and W. H. Sechler.

IN MEMORIAM. The Bar of the county is called upon again to mourn the loss of one of its able and successful members, George M. Reade, Esq., having departed this life on June 22. 1892. Mr. Reade was admitted to the Cambria County Bar on the 8th of October, 1851. At the time of his admission the way of a young lawyer was a hard one for ne had to combat such able men as Judge Thomas White, John G. Miles, H fore the 8th of September, unless they D. He entered the field with an indomitable will, a fixedness of purpose and a resolution to fight the battle. He was a O'Hara close student all the days of his professional career, and was seldom confronted in the trial of a case with a legal proposition which he was unable to answer and apport by authorities. His practice was a large and varied one and his industry. Pardon et al... ability and zeal in behalf of his clients secured him a lucrative one. He possessed one of the largest and finest law libraries Western Pennsylvania, and it was his delight to sit among his books and gain pleasure and profit from their contents. party committee to pay his poll-tax in His greatest legal contests were not confined to the courts of this county alone; he was well known in the Supreme Court of the state, and in the United States Courts. He was for many years the honored President of our Bar Association, and at the time of his death Chairman of the Examining Committee. His death was sudden though not unexpected, and now we mourn the loss of a professional brother and friend, the community lost one of Its most valued citizens and above all, the family an affectionate father and brother. Will Strike. A dispatch from Altoona says: At a mass meeting held in Philipsburg on Tuesday night representatives of over three thousand miners in the Clearfield district decided to strike September 1st unless an advance is made in the price of lowgrade coal mining and a change made in the check-weighman system. A resoluas also adopted calling on the men of the Punxsutawney district, which adjoins the Clearfield district, to stand firm for demands of the same character, which they have presented to the operators. In the Punxsutawney district alone there are over three thousand men. The men in both districts have submitted a number of grievances and will go out as one man, as they

are thoroughly organized. The Berwind Company, which will be principally affected, is known to have an an order to supply the New York Central railroad with 2,500,000 tons of coal within a specified time, which leads the miners to think they will have an easy victory. The company declares that it wil hold out against any advance or change.
