THE French ministry was overthrown on the body of Baron de Reinach, whose sudden death was alleged to have a more or less direct connection with the prosecution in the case of the Panama Canal scantial. The ministers immediately handed in their resignations.

THE spring election must be held unthe new Baker Ballot law. The new law requires that all offices other than national and state offices, except township and borough, certific tes shall be filed with the county commissioners fortytwo days before the election. Heretofore it has been the custom to make the nominations only a few days before the election. In townships and boroughs the nominations need not be held as ently, as the law requires that for borough and township officers the certificates be filed with the township or borough anditors ten days before elec-

Wanhington, D. C. Nov., 25, 1892. Democratic Senators and Representatives are already quite numerous in Washington, and of those here at least threefourths have expressed themselves as fawould be a good idea to have the list of voring an early extra session of the Fifty-third Congress for the purpose of dealing with financial and tariff matters. The reason given in most cases is that it serving old soldiers and citizens gener- is a custom of long standing with Congress that about one year should elapse from the time a new tariff law is enacted before it goes into effect, in order to give business circles and manufacturers an opportunity to make preperations for the change that will prevent any loss by reason of reductions made in the duties. So that even if an extra session be called to realize any benefit from the Demoeratic reform of the tariff. Surely that is long enough for the people to continue to bear the burdens imposed upon

But there is another matter that is
