

IN THE REALM OF TONE.

SIR JULIAN PAUNCEFOOT is not only a musician of considerable ability but has published a number of original compositions.

WHETHER it is due to the fascinations of his music or to his remarkable talent in attacking his relations with Mme. Chepy Sand, it is hard to say; but Giovanni seems to be the hero of the Vienna musical exhibition.

PAUNCEFOOT has been obliged to cancel a number of his concert engagements on account of a rheumatic affection of the muscles of one hand. His present pianist will not be able to appear in public for probably two months, at an estimated loss of about \$15,000.

DR. ANNE WILSON PATTERSON is a distinguished young musical director and composer, who is making a high reputation in Dublin. She is conductor and director of the Dublin Choral Union, and is the only lady-doctor of music in the United Kingdom except the princess of Wales.

The queen of Belgium, according to foreign papers, has a remarkable talent for musical composition, and devotes the greater part of her leisure time to musical study. She improvises often, and when an occasional composer she pleases her particularly preserves it at once by writing it out in notes.

An open letter to women. No. 3.

Dear Mrs. Pinkham:

"If any one wants to know how good your medicine is, just refer them to me.

"I was so low, people thought I never could get well again.

"The trouble was in my womb, causing bearing-down and severe backache. I was so nervous and irritable my people could hardly live with me.

Sometimes I would almost fall down. I was so dizzy, and how I did the awake nights! I thought I should go crazy!

"But now all that is changed, and I am a well woman. I owe all to Lydia E. Pinkham's Vegetable Compound. Now, when I do not feel just right, I take a bottle of your medicine and a box of your pills, and they never fail me.

Mrs. L. Travis.

As a result of my use of your medicine, I have been able to do my share of the household work, and I am now able to go out and enjoy the world.

It is thought that this assures obedience to its parents.

NO FLAG FOR FORT SUMTER.

It is Abandoned as a War Barracks and No Kissing Can Float There.

During the recent grand army encampment an enthusiastic veteran introduced a resolution calling upon the secretary of war to hoist an American flag at Fort Sumter, in Charleston.

In the excitement of the moment the resolution went through without opposition, and the secretary of war has accordingly ordered the chief of engineers, who has charge of the government fortifications, was questioned on the subject.

He says the secretary of war has notified with the resolution, says the Pittsburgh Dispatch, nor is it likely that he will. The army regulations provide that the union flag shall be displayed at military forts and fortifications that are garrisoned or occupied.

Fort Sumter is neither garrisoned nor occupied, and therefore the secretary of war has no authority to hoist a flag over the old fortress unless he is prepared to garrison it with troops.

In further explanation of the non-occurrence of the flag at Fort Sumter and other practically abandoned forts, the engineer officers say that very serious foreign complications might arise if the resolution adopted by the grand Army of the Republic encampment is carried out.

For instance, if the flag was hoisted at Fort Sumter, a foreign warship might visit the harbor of Charleston. In accordance with the naval regulations of the world the foreign ships would salute the American flag, and expect a suitable salute in return. The engineer officers say that very serious foreign complications might arise if the resolution adopted by the grand Army of the Republic encampment is carried out.
