A Dispace from St. Paul says it is now estimated that the deep water canal proposed to run from Lake Superior to the Eric will cost at least \$500,000,000. The canal would be 345 miles in length, have thirty locks, and a large number of costly aqueducts. The canal will have to be thirty feet deep and three hundred feet high.

THE English authorities deny that there has been any protest from them against the movement for the annexation of the Sandwich Islands to the United States. This is, in itself, an acknowledgment of the manifest superiority of the right of the United States to those islands, and also the manifest destiny involved in the case.

MR. BLAINE's will will be filed at the meeting of the probate court at Augusta. Maine, next Tuesday. It is understood that the will is short and gives all the estate unreservedly to Mrs. Blaine, who is made sole executrix. The entire property is valued at \$1,000,000. The residence in Augusta is valued at about \$10 .-000. It will always remain in the possession of the Blaine family, and will not be rented. The relatives of the Blaine Hattie, the youngest daughter, will accompany her.
