This arangement will take effect April 15 and continue until October 30.

JUDGE JOHN SCHOFIELD, of the Illinois Supreme Court, died on Monday of government's paper are to be maintained. peritonitis. Judge Schofield enjoyed the distinction of being the only man who ever declined the office of Chief Justice of the Supreme Court of the United States. This was tendered him by President Cleveland, but he declined on the ground that he did not consider himself competent to discharge the duties.

A CONGRESSIONAL apportionment bill has been introduced in the Senate by P. Gray Meek, of Centre county. Westmoreland and Fayette constitute the 21st district by the provisions, of this measure; Somerset, Bedford. Blair and Huntingdon the 20th; Cambria, Indiana, Armstrong and Clarion the 22nd; and Greene, Washington and Beaver the 30th. By the terms of this bill the Republicans would have 18 and the Democrats 12 districts.

On Wednesday morning the long controversy between the Republican and Populist House at Topeka, Kansas, came to a crisis and ended in a riot. The Populists took possession of the legislative hall and the Republicans finding themselves barred out broke down the doors with sledge hammers. Governor Lewelling has called out the troops and there promises to be a lively time before the trouble is ended as both sides are calling for volunteers to sustain them in their fight.

THE President sent a message to the Senate on Wedensday afternoon recommending the annexation of the Hawaiian Island to the United States. It was accompained by a treaty of annexation concluded between the secretary of state

This is folly, and worse. It is triffling with the gravest interests of the country. This Administration has squandered the nation's surplus, mortgaged its revenues, inflated its paper currency, suffered its Treasury reserve to be depleted, saddled it with a mischievous Silver Purchase law and brought it to the verge

of financial disaster, and now it refuses even to consider measures of safety bevond the brief time of its continuance in power, though it knows the danger to be imminent and daily increas- tee, according to promise, has been uning.

THE Senate committee on appropris. tions has made the following provision for the World's Fair in the Sundry Civil Appropriation bill: For government exhibits, \$201,070; for completion and equipment of the brick shop, \$10,000; World's Columbian Commission, \$236, 375, \$98,190 of which is for the use of the board of lady managers and \$25,000 of which is immediately available. It is also provided that \$10,000 of this appropriation shall be issued to the ladies board in the shape of 25-cent souvenir coins. For awards, judges, examiners, etc., there is appropriated \$570,880, of which \$100,000 is to be devoted to meeting the expense of the jurors and members of the boards appointed by the lady managers.

THE south, says the Pittsburg Post, i pretty well grounded in its political faith. The same may be said of New England. New York, New Jersey and Pennsylvania. But west of the Pennsylvania line there is great political unrest, and the people are in an uncertain state of mind. Ohio is a toss-up, while Indiana, Illinois and Wisconsin are pretty thoroughly Democratic. The other Western and Mountain states, through to the Pacific, are the doubtful political quantities. Will not Judge Gresham in the cabinet have a great influence in determining their political future? The Populists whose strength lies in these states and who polled over million votes, would have been glad to have had Judge Gresham for their presidential candidate. It seems to us his identification with the Cleveland administration will have a great influence on these voters. It will draw them to the Democratic party. It is getting further away from the ob solete issues of the past and facing the future

It is reported on authority which cannot be questioned, that Judge Walter Q. Gresham has accepted the portfolio of state in Mr. Cleveland's cabinet. It will be remembered that Don M. Dickinson made a flying trip to Chicago a week ago and after an interview with Judge Gresham returned and reported

results to Mr. Cleveland. It is now been enlarged from time to time more to said that Mr. Dickinson obtained Judge Gresham's views on some of the most important questions which come before the next administration and expressed which make their appearance so late Mr. Clevelands's desire that Gresham that they are only useful for waste paper; should be his premier. After Mr. Dickinson's return a formal tender of the portfolia of state was made by letter and Judge Gresham, after careful consideration accepted.

It is practically settled that John G. Mr. Harrison Carlisle will be secretary of the treasury and Daniel S. Lamont secretary of war. It is also reported that Hoke Smith, the editor of the Atlanta Journal and the original Cleveland man in Georgia, will be secretary of agriculture. Wilson S. in his place. of Mr. Cleveland, is now slated for post master general instead of attorney General. Hilary A. MR. HERBERT, of Alabama, chairman of the House naval affairs committee, on Tueaday submitted to the House his report on the naval appropriation bill. This report enters into elaborate history of the new navy, showing the satisfac tory results obtained since this work was begun ten years ago, in the construction of modern vessels of war and their splendid equipments. Important changes in the interior of our store will take place in a few days and we must make room for the carpenters, painters and work people. We can't afford to have our goods injured and consequently must rid ourselves of the stock at once. This week we offer our VERY FINEST OVER-COATS, g rments that formerly sold at \$22.00, \$25.00 and \$30.00 at the uniform price of

\$15.00.

You will find the values exactly as we represent them, and this the greatest offer made by a clothing house.
