Cambria Freeman.

EBENSBURG, CAMBRIA CO., PA. FRIDAY. - - - APRIL 7, 1860.

TYPEWEITER manufacturing companies have formed a trust with a capital of \$20,000,000.

On Tuesday Carter H. Harrison, Democrat was chosen Mayor of Chicago by a majority of 19,000, and the entire Democratic ticket is elected by majorities ranging from 16,000 to 19,000. There was a large poll, although the vote did any sort.

THE Treasury Department is in daily receipt of letters announcing arrivals of articles from the courts of Europe des tined for exhibition at the World's Fair. Among the articles about to arrive are, in the the language of a late letter of transmittal, the "almost sacred tapestries of Windsor," that is, some of which are extremely ancient and valuable.

SDCRETARY HOKE SMITH has already begun to carry into effect his policy of dispensing with the services of clerks in his department appointed for political reasons. Twenty-nine were dropped from the Census Bureau rolls on Tuesday, and others are likely to follow. It is understood, also, that the clerical force of the General Land Office will soon undergo a process of renovation, after which some attention will be given to the Pension and other bureaus.

THE Assistant Secretaries of State have been directed by Secretary Gresham to examine more thoroughly than has been customary into the personnel of the State Department with a view, it is understood, of determining the fitness of employes for the positions held by them. According to an official, this action has been taken with a view to weeding out those who hold their places because of "an amiable tradition," and not because of any particular ability in the discharge of their duties.

ESGLAND and France having raised their ministers to the United States to the dignity of Ambassadors the new Democratic representatives of the United States to those countries will, in accordties to it. ance with a law enacted by the last Con-

RECENT disclosures of certain happenings in the closing days of the Harrison WASHINGTON, D.
