FRIDAY. - - - - JUNE 9, 1893.

THE Legislature adjourned on Thursday of last week.

Speaker Crisp's re-election as Speaker of the next House of Congress is now regarded as certain in legislative circles at Washington. CHOLERA has broken out in Asiatic

Turkey and the people are dying by thousands along the lower Tigris. A panic prevails and whole towns have been deserted. EDWIN BOOTH, the tragedian, died at

morning, after a lingering illness. Mr. Booth was born in Bellaire, near Baltimore, November 13, 1836. THE Governor yesterday signed the bill making an appropriation for the erection of an asylum for the feeble

minded children of the western part of

the state, to be known as the Western

his home in New York on Wednesday

Pennsylvania institution. THE President on Monday appointed Charles W. Dayton, of New York city, to be postmaster of that city. The announcement that Dayton had been appointed caused considerable surprise among the politicians about New York city. Mr. Dayton has been a member of the Tammany hall and a general commander for two years and president of a leading Democratic club of the coun-

THE Harrisburg Patriot has made a computation of the amount of real work done by the two branches of the Legislature which adjourned last week. The session lasted five months, yet the Senate put in only 271 days of eight hours each. The actual work of the House was 471 days of eight hours each. The Senators were paid at the rate of \$54,55 for each day of actual work, and the representatives at the trate of \$31 33 a day for actual work. Of the five months of the session the Senate wasted four and the House three.

THE President has filled, with the explaces became vacant June 1 by the resignation of the incumbents. They are the positions of register of the treasury and director of the mint, formerly held, respectively, by General W. S. Rosecrans and E. O. Leech. The latter position is the most important one, and the President is reported to have expressed an intention to proceed slowly in selecting a man for the position.

A PHILADELPHIA dispatch of Wednes day says over 2,000 employes of the Pennnosylvania railroad will receive notices of dismissal within the next fortnight. The reduction means less than 5 per cent. of the entire force, but is made necessary by low railroad rates and high expenses. No salaries are to be reduced New rules also go into effect June 1 to reduce the issue of free passes to the very lowest limit. Such instructions have, it is said, been made necessary by the cheap semmer excursion fares, and by the crowded condition of all trains to and from the World's fair.

A dispatch from Fargo, N. D., on Wednesday afternoon says: During a heavy wind fire broke out here this afternoon and the whole city is threatened The burned district comprises the business portion of the town and is bounded by the Western Union telegraph headquarters, a hotel and the Northern Pacific depot, thence to the Great Northern | General Olney said on Wednesday morns depot and along the line of the Great Northern railway to the Red river. Two hundred and twenty-five business houses and residences are burned. Two be made homeless. The fire is not yet

STRONG pressure is being brought to bear upon the Governor to veto the Hewitt pure food bill. This proposition was introduced in the House by ex-Speaker Hewitt, of Blair, and was care fully'guarded at every stage of its passage by its sponsor. The strongest objection to the measure comes from the brewers who oppose the ninth section which provides that "genuine beer shall be made from barley, and hops, no other substance shall replace them, either wholly that he was "discharged." or partially therein. All substitutes shall be considered adulterations and be be so labelled."

THE Geary law says the New York World, is brutal and barbarous. Its enactment was an affront to civilization, a disgrace to this free country, and a the enlightened part of the American

The Chinese who are now in the Uni ted States came hither with our consent and our invitation. They have conducted themselves peaceably. They have earned their own living by hard work, becoming in no way a charge upon the public. Their number is very small in proportion to the total population, and for a year at hard labor for no crime. or accusation of crime, and then to properties and business interest.

that kind recorded in history.

THE Harrisburg Patriot in describing the last hours of the Pennsylvania legislature which adjoorned at 12 o'clock on ast Thorsday says: "Not since the adoption of the new constitution has there been a session of the Legislature, a majority of the members of which so willingly obeyed the crack of the party islation. It is notorious that many of the members we e not only willing, but anximportant measure under consideration. Bills which should have been enacted into laws were killed and a large number which should never have left the

rious Republican bosses of the state." An all-night session was held beginning at eight o'clock, Wednesday evening. The scenes enacted in the House are unprecedented in the annals of State greater part of the night. Members jumped on their desks and howled like Comanche Indians. Fire crackers were took a hand and used blow guns upon the "statesmen" in the front seats. The sergeant-at-arms made no effort to prevent this and was finally rebuked by ex-Speaker Hewitt, who after the attention of the House had been called by Walton, of Philadelphia, that there were men on on the floor with blow guns, said, "this

a hand in it."

was run solely by a "combine" of noto-

PRESIDENT CLEVELAND on Monday evening said in reply to a direct ques tion by a reporter of the Associated session of Congress not earlier than the first nor later than the fifteenth of September unless unexpected contingencies should necessitate an earlier meeting. The President further said: "While there has been no mystery nor secrecy in regard to my intention in this matter, I think it not amiss that our people be merits of a financial policy which does not need the eye of a financier to see that this gold thus subtracted from

to detect the danger that awaits upon the continuation of this operation. Already the timidity of capital is painfully apparent and none of us can fail to see that fear and apprehension in monetary circles will ultimately bring suffering to every humble head in our land. I think that between now and the meeting of Congress much depends upon the action of those engaged in financial operations and business enterprises. division from 75 to 80 per cent? Our vast national resources and credit are abundantly sufficient to justify them in the utmost faith and confidence if instead of gloomily anticipating immediate disaster, they contribute their share of hone and steadiness they will perform patriotic duty and at the same time protect their own interests. What just now is needed is calmness in financial circles and reflection among our

A DISPATCH from Washington says: In regard to the alleged intention of United States District Attorney Parsons, of Alabama, to resist removal, Attorneying that, while he had heard nothing direct from Mr. Parsons, from other sources he had the intimation that Mr. Parson contended that the president thousand and two hundred people will could not remove him until his commission expired at the end of four years. It is understood there that Mr. Parsons bases his contention upon certain sections of the tenure of office act, which sections were repealed eight years ago. Attorney-General Olney, while

not expressing an official opinion in the matter, says he has no doubt from presthe right of removal at any time. President Harrison exercised this right

throughout his entire administration without question, and when he desired an incumbent's removal notified him

Secretary Gresham has received no official communication from the Chinese government giving even the slightest in ernment to adopt retaliatory measures towards Americans residing in China because of the Geary exclusion law, not withstanding numerous more or less sen sational statements to the contrary. The opportunity was too good for the sensation mongers to lose; hence the ra-

As was generally expected, the Presbyterian General Assembly found Dr. Briggs guilty of heresy.

Strikers Losing Sympathy.

Huntingbon, Pa., June 5.—Work was resumed to-day at the coke ovens of the Rockhill Iron and Coal company, at Orbisonia, this county, by non-union men, and it is the intention of the company to put the furnace in blast again without acceeding to the demands of the strikers or to reinstate the men disdynamite cartridge was exploded under the porch of the residence of D. W. Warring, who has been active in getting non-union men to go to work, and his residence was badly damaged. This is attributed to the disgruntled union strikers. Notices of a threatening character were also posted on the doors of several non-union men who have returned to ent information that the president has work. The community is greatly agitated, as trouble is anticipated, and the strikers are consequently losing the sympathy of the conservative citizens.

A Remedy in Congress,

Washington, June 6.—There was a engthy meeting of the cabinet to day to discuss the financial situation. It was concluded that for the present nothing can be done by the administration to relieve the drain upon the gold reserve. The issue of bonds would aford but temporary relief, and the only effectual remedy can be given by Congress.

Messrs, Wilson, Montgomery, Turner and McMillan, of the ways and means committee of the last Congress, were all at the White House to-day and had a conference with President Cleveland on the proposed financial legislation. Mr Wilson said, after leaving the president that there would be no issue of bonds unless some unforseen exigencies make such a course necessary.

Diamonds From Clay.

Visitors at the World's Fair Monday were given an opportunity of seeing diamonds removed from gem-bearing clay charged. At 1 o'clock this morning a brought from Cape Town, Africa, diamond mine. Five tons of clay were brought and portions of it were dropped into the big crusher. When the clay was groumd in small pieces a stream of water was turned on it which left the hard globules containing the diamonds Three Zulus, wearing their native finery, sorted the gems. The diamonds were then cut and polished by skilled workmen in view of the crowd. It is estimathat the stones contained in the five tons of clay will be worth \$1,000,000.

South Bend, Indiana,

ARE THE BEST GENERAL PURPOSE PLOWS IN THE WORLD.

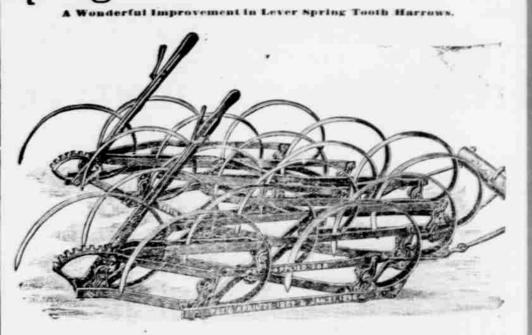

A strong statement but a true one, for these plows are better known, have reached a larger sale, have had a longer run, have proved more popular and given better satisfaction than any other plows on the face of the globe.

We mean the GENUINE OLIVER, and not the imitations claiming to be the Oliver, or equally as good. Such imitations are on the market, placed there by unscrupulous manufacturers who seek to trade on the good name of the OLIVER.

Look out for imitations, buy only the genuine Oliver plows and repairs, and be sure you are right before you take the plow home. Once more-Beware of "bogus" Oliver plows and repairs, and take none but the genuine, made by the OLIVER CHILLED PLOW WORKS. SOUTH BEND, INDIANA.

> HENCH & DROMGOLD'S ALL STEEL FRAME

four shops with which the instrument was said to be supplied, numbered just eight. Tooth Lever Harrow,

In making this new Lever Harrow they use the same Zizgag steel frame used in their other strice Figat Harrow so that the frame could be used for either harrow it desired. The Teath are beited between mallesble fastenings which hitse upon the bolt extending through the frame piece and an connected with an adjusting bar and is so arranged that while the barrow is in operation and term in the ground, it will not pull the leters forward if distanced in the rack starting; or in other words it is just as easy to adjust the teeth deep or shallow while the barrow is in operation as when standing still. They have two different notches in which the teeth are insteaded and when hour or five inches are worn off, they can be set in another lastening, and by this adjustment with the operation of the adjusting lever, can be worn almost entirely out the same as Ratchet Tooth diarrow.

Each too h has a curved shoe under the frame making a sliding support. I guarantee this Laver Harrow to be one of the most complete and best Lever Harrows ever offered to the trade.
