On Saturday evening Joseph Krotenderfer was returning to his home and, being late, took the short route. He was met by Holtz, as he alleges, who knocked him off the wagon with a club and beat him until he was unconscious. Holtz afterwards, when he realized how badly Krotenderfer was hurt, helped the man home. Dr. Green, of Summerhill, was sum-

Dr. Wagoner, of Johnstown, was also called upon as consulting physician. On Wednesday a warrant was issued for Holtz, who was arrested and placed in jail. One of the boys got an old can and, fill ing it with oil from the leak, walked down and into the stream a short distance and applied a match to it. The flames, which leaped high into the air, covered the top of the river, and ran back to the place of the leak, frightened both the boys and they started to run.

Young Bitner was so dazed that he ran nto the worst of the flames, near where the leak occurred. By this time a number of men had collected, and, seeing the boy's peril, they rushed to the nearest point to shut off the supply of oil as the only means of extinguishing the blaze and saving the boy. They were too late, however, for when the flames subsided young Bitner's body was found to have been burned to a crisp. He had fallen face downward. A brother of the cremated boy was on the side of the river opposite to Moxham and witnessed the accident. The victim had one of his hands cut off at a circular saw while playing in a planing mill about a year ago.
