-Jennie Jones, wife of a striking coal miner, was killed at Philipsburg. Pa., on Tuesday, by a shot fired by James Meyer. a deputy sheriff. Immediately after the a bacycle trip to shooting, Meyer, fled into the mines. It will be difficult to save him from death at the hands of the enraged strikers, who swear that they will avenge the death of the woman. The mine was to have resumed with non-union men to-day, and liquities, including Meyer, were commissiened to guard those who were going into the mine. Mever fired into the crowd, with the result already stated.

 A German by the name of Fred Brandt. laiming Pittsburg as his home, was at tacked by three tramps near Bellwood, on Tuesday morning. They carried him into a box car standing on the side track, stripping him of all his outer garments, induding his hat and shoes, leaving him only his underclothing for protection. The thieves also robbed him of \$4.15 in money. After procuring all this, they skipped out. The man's clothing was almost new, he being on the way to Nantisitizens procured a new outfit for him during the forenoon. He then made a new start for his destination.

-On Monday Mr. Reuben Crust, of Fillmore, was cutting oats with a self-binder and his young son was riging one of the lend horses. From some cause unexplainable the horses became frightened and ran away, throwing the boy off and running over him with the ponderous implement. One leg was broken, his left hand cut off and a good portion of all the flesh torn from the arm. The boy was otherwise considerably cut up and bruised, besides being injured internally. At last accounts he was still living, but the doctor had little hope of his recovery, and should he get well he will be a cripple for life. The accident is a most sad and distressing occurrence and the parents have the sympathy of their many friends. - Bellefonte News.

-A large frame barn on the farm of Moses T. Steele, in East. Mahoning township, was totally destroyed by fire Tuesday evening about 6 o'clock. Mr. Steele was working in the upper part of the barn when the smoke and flames came up from below, the fire having started in the basement without any apparent cause, Mr Steele only succeeded in saving one horse, so rapidly did the flames spread, and a lot of oats standing in the barn-floor was consumed with the balance of the season's at the top of his cell. But his hopes were crops. Four horses, one cow and calf, a ot of hogs and some poultry were cremaled. It is not known whether Mr. Steele and his barn or contents insured, but If not the loss will be about \$2,200. All the agricultural implements were destroyed.-

-Geologist Harvey is at the present tme engaged in developing the coal measres underlying the lands of Mr. John Davis, of Blacklick township, purchased by Charles McFadden. In the prosecution of this work, Mr. Harvey's vorkmen dig holes from ten to fifteen feet n depth, in all directions on the premises. Mr. Davis kept his young horses in a pasture field in which one or more of the nits had been dug, and one of which was directly in the path that led to their usual watering place. On Wednesday night last valuable one, it is presumed in going to water fell into the pit, and the next day was found dead at the bottom. It was a rewarded with a large and lucrative pracmost unfortunate occurence and a severe pecuniary loss to Mr. Davis.

Death of James J. Kaylor. James J. Kaylor, a well-known citizen

The deceased was born on the old Kaylor homestead on February 12th, 1826. He was married at Wilmore in 1856 to Cecelia Burk. In 1856 he was appointed steward or the county home, which position he held for a number of years.

He was a son of Jacob Kaylor and a grandson of Peter Kaylor, a Revolutionary soldier, who was an aide to General Lafayette, and was one of the men who carried the General from the field when wounded in the battle of Brandywine. After the war he settled in Adams county and married a daughter of the man after

whom the county was named. In 1799 his grandfather moved to Camoria county, at the instance of Father Gallitzin, who was trying to found a settle ment near Loretto. His son Jacob, father of the deceased James J. Kaylor, was united in marriage to Catharine McConnell an orphan girl who was raised at the home of Father Gallitzin, the union resulting in the birth of twelve children, four of whom are still living: Mrs. Francis Kelly, of Altoona; Mrs. McKee, of Oil City; Frank

and John, who live in Kansas. The deceased is survived by his wife three sons and three daughters: Raymond J., editor of the Hastings Tribune: H. G. Kaylor, of Johnstown; Lewis E., at home One daughter is a Sister of Mercy, while the other two are at home.

The Year 1900.

The following explanation will show you why the year 1900 will not be counted among leap years: The years are 365 days, 5 hours and 49 minutes long; 11 minutes are taken every year to make the year 365% days long and every fourth year we have an extra day. This was Julius 'æsar's arrangement. You may ask: 'Where do these 11 minutes come from?' They come from the future, and are paid by omitting leap year every 100 years but if leap year be omitted regularly every 100 years, in the course of 400 years it is found that II minutes taken each year wil not only have been paid back, but that a whole day will have been given up. So Pope Gregory XIII, who improved on Caesar's calendar in 1582, decreed that every centurial year divisible by 400 should e a leap year after all. So we borrow I minutes each year, more than paying our borrowings back by omitting three leap years centurial years, and square matters by having a leap year in the fourth centurial year. Pope Gregory's arrangemen s not exact, and the borrowing and paying back balanced so nicely that we porrow more than we pay back to the extent of only one day in 3,866 years.

Fo the Atlantic Coast and Return at \$10 the Round Trip.

On August 9th next the Pennsylvania Railroad Company will run another of its popular seashore excursions. Communication. Clearfield township, July 28th, 1864. ED FREEMAN: -If I am not monopolizing so much of your invaluable paper, I vish to make a brief explanation of my article of June 28, to which J. F. took exceptions in your last issue. I wrote the article aluded to by request, not in reply to J. F. but to another gentleman whose communi cation appeared in the Freeman the week tax theory advocated by J. F.

I have no desire, and will not if I can avoid it, be drawn into a controversy with J. F., or any other person, in fact I merely noticed the article in question, not as I ope with any thought or feeling of unkindness. If my article had any merit or force, it was aimed in another direction, and I believe has provoked wide comment favorable to the topic discussed.

I see no cause so far to retract a single statement made in the article referred to on the contrary I reiterate that monopoly or if you please, corporations are largely the cause of our present troubles. Here is proof. What are strikes and riots aimed at? I answer, at oppression real o Figures compiled at Harrisburg shows fancied, which arises from centralized capital. LUKE BEHE. Fashionable White Toilettes. As the summer season advances whit rowns are the favorites for the seashore and monntains. White flannel as well as erge are adopted for mountain costumes or vachting suits, and are even worn in hiyele riding. For the morning, white oilettes of pique, duck and linen are seen n endless combinations. Besides these the following materials are largely in demand: China silks, barges dotted or em broidered, Swiss muslins, and all the varieties of nainsook and dimities. Among the novelties in summer millinery white is also very popular. Artistic hats are made of tulle, and the delicate milk-white chip hats are trimmed with white moire and white flowers in picturesque confusion. The favorite wrap at the summer resorts is the Golf cape, in white cloth, lined with ome dainty bright color in plaid or brocade. In the McDowell fashion magazines are found aumerous details concerning these novelties, the patterns of which are offered in the form of coupons at very moderate prices. "La Mode de Paris," and 'Paris Album of Fashion," cost \$3.50 each per annum, or 35 cents per copy. "The French Dressmaker" is \$3.00 per year or 30 cents per copy. "La Mode," a unique family journal in the colored plates, costs only \$1.50 per year, or 15 cents a copy. The three first mentioned publications of fer each \$1.00 worth of coupon patterns and "La Mode" lifty cents' worth of the same as a premium for a yearly subscription. If you are unable to procure any of these journals from your newsdealer do not take any substitute from him but apply by mail Messrs, A. Philipsburg, Pa., July 30.-A large num ber of men in this place were to-day sworn made to start any of the mines on the Beech Creek railroad at the 40 cent rate. as in the Houtzdale district several more mines will start up at the same rate. The leaders are doing all in their power

to prevent the old men from returning to work. If the miners in this region return to work at 40 cents gross rate it will eventually bring the 10,000 or 12,000 miners in central Pennsylvania, who have secured the compromise price, down to their level.
