

WHAT KOLB WILL DO.

His Plans Are Explained by an Adviser.

INTENDS TO CAUSE CONTENTS.

By These Means He Expects to Secure the Aid of a Republican Congress—A Bill Framed For His Arrest—His Message Sent to the Legislature.

MONTGOMERY, Ala., Dec. 5.—J. C. Manning, a member of the legislature, and one of Kolb's advisers, has given out a portion of Kolb's program. Manning said:

"Kolb will issue certificates of election as governor due to Goodwin, Howard, the two Aldrichs and Robinson, as congressmen from this state. Howard will also have one from Oates. His seat is disputed. The program is to have the Republican house first decline to seat either set of representatives, on the ground that both sides are provided with credentials signed by a governor of Alabama. The only way that either can be seated then is by a resolution. It is proposed that Howard take office as a resolution to seat the anti-Democratic representatives, two of whom are Republicans and three Democrats, and that the Republican house terminate the contest."

"This would make the regularly-elected congressmen sit on the sidelines and throw the burden of proof upon the Democratic side. This plan, it is figured, would afford a temporary indorsement of Kolb as governor and would be a source of trouble to the Oates administration. A petition will then be circulated in every part of the state, calling upon the legislature for a special act to restore to Alabama a Republican form of government. Reese will also be given a certificate of election by Kolb as United States senator and will contest with Morgan."

"Kolb's bill to banish political newspapers and their editors, however, will be rushed through the general assembly and will become a law by Friday. It is estimated, and is not an overstatement, that his followers do not pay their taxes for a while."

COIT NOT INTOXICATED.

But Witnesses Declare That Some of the Soldiers Were Drunk.

COLUMBUS, Dec. 5.—The court in its inquiry investigating the conduct of Colonel Coit at Washington, C. H. has examined a large number of witnesses in behalf of the defendants. A number of salaried and bartenders were on the stand.

They all agreed that the Columbus soldiers were drinking and that a number were drunk on the day of the shooting, but 11 of the Washington soldiers and Wilson, the doctor, testified to do citizens of Washington, C. H. testified in a similar strain. The majority of the witnesses said they did not believe Colonel Coit was intoxicated.

THE SENATE'S SESSION.

Mr. Lodge Brings Up Two International Questions—Other Matters.

WASHINGTON, Dec. 5.—In the senate Mr. Blanchard (Dem., La.) offered a resolution rectifying the circumstances under which the sugar bounty was cut off after the sugar crop for 1904 was put in. It directed the committee on appropriation to include in the agency deficiency bill a sum sufficient to pay the bounty for the present year. The resolution went over for the present.

Mr. Vest (Dem., Mo.) offered an amendment to the rules with a view to cutting off protracted debates in the senate. It provides that no bill or resolution be debated 50 days or more in order for any senator to move to fix a day for the final vote.

Mr. Lodge (Rep., Mass.) offered a resolution, which adopted without dissent, calling on the secretary of the navy for the official letters of Admiral Walker while in command of the United States naval vessels at Hawaii. Mr. Lodge raised another international question by resolution, calling on the president for the correspondence concerning Bluefields and for information concerning the attitude of Nicaragua. The resolution was adopted without dissent.

Mr. Quay (Rep., Pa.) offered resolutions of respect to the memory of Myron B. Wright, late a member of congress from the second district, and a former mark of respect to the deceased, the senate adjourned.

PROPOSED APPROPRIATIONS.

A Joint Statement of Estimates by Congressional Clerks.

WASHINGTON, Dec. 5.—The clerks of the senate and house appropriations committee have prepared a joint statement showing the estimates for appropriations by bills for 1906, which is as follows:

Agricultural, \$2,400,330; army, \$24,605,682; diplomatic and consular, \$1,483,118; District of Columbia, \$7,217,854; fortification, \$7,457,703; general, \$6,723,844; legislative, etc., \$22,849,101; military academy, \$579,048; navy, \$30,902,986; pension, \$141,581,570; postoffice, \$91,050,285; river and harbor, \$1,473,900; sundry civil, \$46,381,815.

This is a net increase of \$1,032,096 over the estimate for 1905 and of \$17,000,767 over the actual appropriation for 1905. The principal increase is in the sundry civil bill, due to the fact that the river and harbor appropriation estimate to meet contracts is included. This estimate amounts to \$11,387,115.

To Collect the Income Tax.

WASHINGTON, Dec. 5.—Secretary Carle is arranging the machinery for the collection of the income tax with evident confidence that the necessary funds for its operation will be forthcoming in the near future. He has submitted an estimate of \$300,000 for the employment of 300 additional deputy collectors, 10 extra revenue agents and other expenses in the execution of the statute and is now acting with the expectation that congress will speedily provide the sum required. This estimate is in addition to the \$9,000 already appropriated for stationary, printing, etc.

Dull Session of the House.

WASHINGTON, Dec. 5.—The session of the house was mainly dull and uninteresting. The attendance was small, and there was no clash of any kind. A bill providing for the dedication of the Chicago and Chattanooga and the remainder of the park September 19 and 20, 1905, and one for the establishment of a national military park on the site of the battle of Shiloh were passed, and the remainder of the day was devoted to a fruitless discussion of the printing bill.

Tired of Protecting Baptists.

ATLANTA, Dec. 5.—The refusal of the Georgia legislature to continue the military appropriation for the next two years is variously interpreted, but the theory most generally accepted is that the legislature is tired of work in which the troops have been put during the four years by Governor Northern, whose great zeal for the suppression of lynching led him on several occasions to call out the military companies to protect ravishers whose lives were being sought.

THE LEXOW INVESTIGATION.

Street-cleaning Commissioner Andrews on the Back-Duesey Attends.

NEW YORK, Dec. 5.—The second day of the last session of the Lexow committee was what might be termed a feature day. Street Cleaning Commissioner Andrews was on the stand the greater portion of the day. He had asked for an opportunity to explain the charges that had been made against him during the previous session of the committee and having to do with the time when he was a commissioner of excise. Father Duesey would be pronounced as a lawyer and declined to discuss the possible effect of his appearance at the sessions of the Lexow committee, in violation to the wishes of Archbishop Hughes. Testimony consisted almost entirely in specific details of the charges that had been made against him. Some times with a denial and some times with a different explanation which threw a different light upon transactions that otherwise would have been obscure. The revocation of his license was granted to a man named Lewis. Commissioner Andrews claimed that Lambert possessed a license as a lawyer while Lewis had the endorsement of Judge White and others. Judge White was afterward sworn and denied the statement that he had ever endorsed the application of Lewis or any other person for a license.
