

# INQUIRE THE ROOPS REARBY.

## An Hour's Notice Will Throw Them Into Brooklyn.

### A RIOTER SHOT BY THE SOLDIERS.

Leaders of the rioters were again arrested after sending them back to work. Police and soldiers saw doing good work against the rioters.

### BROOKLYN, Jan. 23.—Adjutant General McAlpin, who is here as the military and personal representative of Governor Morton, had a conference with Mayor Schieren, Police Commissioner Williams and General Conroy.

The adjutant general called out the Third brigade, N. Y. S. G., to aid in the restoration of order. He was assured by the mayor that at present there is no occasion for calling out more troops. General McAlpin promised to have the Third brigade ready to come to Brooklyn on an hour's notice should its presence here be required.

The first fatal encounter of the great strike took place when in an encounter with a few boys at the Halsey street station of the Brooklyn City street way company a volley was fired by the militia. Henry Ahns of New York city was fatally shot in the chest while entering at his mouth and passing through his head. Another man, whose name is Williams, was wounded in the arm. The shooting had the instant effect of dispersing the mob.

Master Workman Connelly has again ordered the strikers out. He says that this action has been necessitated by the soldiers, when a company of the Seventh regiment surrounded the hall at the corner of Myrtle avenue and Park street.

A squad entered the hall, seized the books and papers of the local assembly, which has its headquarters there. This is denied by national guard and police officers.

Master Workman Connelly says this is the reason for the strike of the line men. Mr. Connelly says that he was the one who sent the line men back after they first struck. He has now countermanded the order. Mr. Connelly thinks the men in charge of the assembly hall have been arrested by the police.

There have been many rumors flying around Ridgewood, but no really exciting incidents occurred until cars were sent to the car line on the Brooklyn City railway.

Car No. 524 of the Gates avenue line arrived from downtown with about 30 new men on board. Sergeant Sheldon with four patrolmen carrying drawn pistols were on the front platform. Captain Kizer and his patrolmen were on the rear platform. When the car stopped the captain noticed four or five men on the elevated railroad track.

Pointing his revolver at them he called out: "Come, get off there, quick; we will show you mean business." The military also ordered them away and no more were allowed on the structure. The platform and stairs were also cleared.

The second company of the Seventh regiment entered the platform and swung around into Palmers street. The great crowd of strikers in front of their headquarters, Odd Fellows' hall, scarce half a block away, suddenly melted, a large number running around into Irving avenue, but about 200 crowded into the hall.

Then, at a signal, the line of men in blue stretched across the street, and advanced at the double-quick past the hall doors, which were at once closed and locked by the police. The men were like rats in a trap, secured until all of the cars were sent out and brought back to the depot, a space of a little over two hours.

When the troops reported "All ready" car No. 524, which had been brought up with men as strikers, was started down the line with two policemen, two conductors, two policemen and three policemen on board.

Just as the car was made a member of the Seventh regiment noticed several persons at an open window on the second story of the hotel opposite the depot and ordered it to be closed. The order was not instantly obeyed, so the first shot was fired in the air, and the window was not only closed, but all the faces disappeared.

During the passage of the car down the avenue there was considerable jeering, but one shot from a policeman's revolver fired the line of men. The cars returned without damage, upon schedule time. The cars taken out on Monday were also on schedule time.

On the return trip of car No. 524, and when crossing Central avenue, a woman stopped with a tin dish in her hand, from which she was eating something in the air. It was cayenne pepper, and the wind blew it in the faces of the motor man and policeman. They were nearly blind, but did not lessen their speed, and when they reached the depot were arrested by the surgeon of the Seventh regiment.

**SHARP ATTACK AND DEFENSE.**  
Another spirited debate over the Hawaiian question in the Senate.

WASHINGTON, Jan. 23.—The policy of the administration as to Hawaii was again the subject of sharp attack and defense in the Senate. The personal element in the controversy drew large crowds to the galleries at times.

It overflowed into the outer corridors. It indicated little diminution of public interest in Hawaii now that the course of the administration in the matter is the subject of discussion. Mr. Gray (Dem., Del.) and Mr. George (Dem., Miss.) justified the policy of the administration, and Mr. Gray dwelt on the persistency and vindictiveness with which the president was vilified and misrepresented.

Mr. Lodge (Rep., Mass.) and Mr. Hawley (Rep., Conn.) made the critical speeches of the day, the former urging the extent of British aggression in the Pacific, while Mr. Hawley made his comment on the consideration given to Queen Liliuokalani's representatives who visited the state department after the United States had formally recognized the Hawaiian republic. The debate was still in progress when the morning hour expired and the Nicaragua canal bill was taken up. Mr. Turpie (Dem., Ind.) spoke against the measure for three hours, and had not concluded when the Senate adjourned.

**100,000 Negroes to Be Deported.**  
SAN ANTONIO, Tex., Jan. 23.—One hundred thousand negroes will be removed from the states of Alabama, Georgia and Louisiana to Northern Mexico within the next six months. This is the statement made by W. H. Ellis, the manager of the Mexican Colonization company, who has just returned from Atlanta, Ga.

**The President Worries Her.**  
DENVER, Jan. 23.—An insane woman named Scott, who says Grover Cleveland is worrying her, called at Governor McIntyre's office to ask him to wire the president a piece of her mind. She lost her temper and struck Secretary Brewer, in consequence of which she was arrested.

**Debs and His Associates Released.**  
CHICAGO, Jan. 23.—President Debs and his associates were released from the Missouri county jail on \$200 bail each, in accordance with the recent order of the supreme court.

While Governor McKinley was received by a large delegation and marched at the head of the parade before leaving for Cincinnati, he was met at his greatest reception at the Grand hotel.

Among those making speeches at the convention on account of his expertise in Philadelphia, who was so enthusiastic on opening up direct lines with the South American republics that the delegates on the subject of the tariff and reciprocity followed. While the discussions were on general questions for the extension of the tariff and reciprocity, the tariff articles, the tariff and reciprocity brought out differences of opinion. The manufacturers seem to be united on an international system of protection, so that they need not get drafts on London for all their payments from South America. They seem united to grant an American register to the barkentine and American registered vessels which carry United States controlling the Nicaragua canal, and many favor subsidies for American steamship lines, especially for direct lines to the West Indies and America, instead of having all shipments via Liverpool to the South American republics. The sessions will continue tomorrow.

# MEXICO WANTS WAR.

## Guatemala Informed That Not One Cent Will Be Conceded.

### CITY OF MEXICO, Jan. 23.—

After a very stormy cabinet meeting President Diaz notified Guatemala through its minister that he would not concede one cent to Mexico's demands and suffer the consequences. Other Central American representatives here at a meeting made the statement to President Diaz that Mexico was trying to grasp Central America.

President Diaz, however, denied the assertion and stated that Mexico would have her rights and the boundary lines should be as Mexico claims and that Mexico had all the territory that she needed. It looks as though the other Central American republics were behind Guatemala.

There will probably be much mischief marching in the streets with bands shouting "Viva Mexico," "Viva Diaz" and "God save Guatemala." They have in front of the palace from 12,000 to 15,000 strong, clamoring for war and plugging their support to President Diaz. They are mainly young students of the law and mining and medical schools. Mexico has been preparing for war for some time and has been notified to report for active duty have been notified to report for marching orders.

**Explains Cleveland's Action.**  
A London Paper Publishes Facts Concerning the Offer of Mediation.

LONDON, Jan. 23.—The Times publishes a letter from Tokio fully explaining President Cleveland's offer of mediation between China and Japan, and denying that Japan intended to attack Guatemala. The letter concludes: "There will probably be much mischief marching in the streets with bands shouting 'Viva Mexico,' 'Viva Diaz' and 'God save Guatemala.' They have in front of the palace from 12,000 to 15,000 strong, clamoring for war and plugging their support to President Diaz. **Storrs Do Damage in California.**  
SAN FRANCISCO, Jan. 23.—Rain is still falling heavily in California, and storm, which has steadily increased in severity, is one of the worst of a bad season. The snow in the mountains is higher than for many years. In the mountains the snow is 30 feet deep on the level, in many places it is 40 feet deep. The snow is down branches of trees and is imprisoning mountain settlers who are suffering for want of necessary supplies. Roads have been cut off and the mail service is interrupted. Great damage has been done to farms by rain and gales.

Vegetable Stencil HALL'S HAIR RENEWER.

The great popularity of this preparation, after its test of many years, should be an assurance, even to the most skeptical, that it really merits the name of "Hall's Hair Renewer." It does not only restore the natural color to gray or faded hair, but it also keeps the hair soft, pliant, lustrous, and causes it to grow long and thick.

HALL'S HAIR RENEWER produces its effects by the healthful influence of its ingredients, which invigorates the hair and restores it to its natural color and condition. It is not only a delightful article for toilet use, but it also keeps the hair soft, pliant, lustrous, and causes it to grow long and thick.
