They Think the Silver Senators Will Kill It With Talk-Republicans Co-Operate With Administration Democrats-Senate Committee Accomplishes Nothing-

Washington, Jan 30.-The house committee on banking and currency spent the session in debating the new administration bill, went through it by sections, adopted three important amendments and adjourned, leaving two amendments to be acted on. Chairman Springer says that the committee will be able to report the amended bill to the house today. Republican members say that the plan will be in committee two or three days longer, but all agree that it will be reported to the house in time, although materially changed from the original plan, since the Republicans are disposed to cooperate with the administration Democrats. There was some sparring for points in the committee, and a general disposition to engraft personal schemes upon the measure, but as a whole the proceedings were unusually free from

Chairman Springer has not yet de cided how much time he will ask the committee on rule to give for debate The bill is a privileged one and can be called up at any time. Accordingly, the California Democratic members, who are fighting the Reilly Pacific railroad bill very bitterly, are urging Mr. Springer to report the financial measure today, if possible, and displace the Reilly bill. The action of the house upon the amended bill seems to depend upon the Republicans, who hold the balance of power. How far the amendments will placate the opposition, remains to be seen, but it is conceded that the chances of the measure are much better in the house than in the senate. Its opponents are largely depending upon the free silver senators to talk it to death, as they may be able to do in a body which has no rule by which it

can fix a day for a vote. Of the three amendments to the bill adopted, the first, proposed by Haugen (Rep., Wis.), reduces the tax upon the circulation from I per cent per annum to one-fourth of 1 per cent, payable semi-annually. The second, proposed by Walker (Rep., Mass.), strikes out the fifth section of the bill, that requiring import duties to be paid in gold. The vote upon it was: Yeas, 6; nays, 4.

The other amendment adopted strikes out the words "fifty years after date" and makes the bonds "payable at the pleasure of the United States after ten years from the date of issue." This proposal to shorten the bond term met with nearly unanimous approval.

When the committee adjourned, two amendments were pending to be acted upon. One, offered by Mr. Rupell (Rep.), stipulates that the retirement and cancellation of legal tenders for each month shall not be greater than the increase in amount of national bank notes, under the operation of the plan This amendment was carried when first offered and then there was a successful motion to reconsider and postsone action

Representative Walker stands sponsor for the other pending amendment, which is to require one-half of the reserve funds of the banks to be held in gold coin or gold certificates, the other half in silver coin or silver certificates. per cent of the reserve is to be held in this stipulated form on July 1, 1895; 20 per cent at the end of three months: the change being made at the rate of 10 per cent a quarter until completed. The discussion upon this amendment hinged on the point whether forcing the banks to secure gold for deposits would not cause a greater demand upon the treasury for gold than the raids which are

now in progress. The proceeding of the senate finance committee meeting were based upon a bill which had been prepared by Senator Voorhees. This bill provided simply for the issuance of short time certificates which were to be used for the purpose of making good the reserve and of meeting the revenue deficiency, but when the afternoon session opened he had added a clause providing for the free coinage of silver. There was a motion to strike out the silver provision which was lost on a tie vote of 5 to 5 all the Republican members and Senator McPherson (Dem.) voting for the motion and all the Democrats opposing it. A vote was then taken on the proposition as a whole and it was lost by a vote of 7 to 3, Senators Vest and White, as well as McPherson, voting with the Repub licans. There was also a tie vote on a motion by Senator Aldrich to substitute the Springer bill for the Voorhees bill

SUGAR SCHEDULE REPEAL

Bounty-Paying Countries Don't Have t Pay the Differential

WASHINGTON, Jan. 30. - A special order was invoked in the house to bring the bill to repeal the one-tenth of 1 cen differential duty imposed by the new tariff law on sugars imported by bounty paying countries and it was passed without amendment by a vote of 239 A series of amendments, two offered

by Mr. Hepburn and Mr. Hopkins, looking to retaliation in case Germany re fused to admit our meat products after the differential, one by Mr. Hitt (Ills.). to repeal the one-eighth differential on refined sugar; one by Mr. Dingley (Me.) to provide that this act should not be construed to mean that the United States surrendered the right under treaties containing favored nation clauses, to effect bounties by the im position of equivalent differential duties and one by Mr VanVoorhis (N. Y.), to place all sugar, raw and refined, on the free list, were lost by practically strictly

The debate was of an interesting character and at times very spirited It touched quite extensively on the treasury situation and the remedies to be applied. Mr. Dingley (Me.) made a long statement of the receipts and ex penditures to show that the treasury was suffering from lack of revenue and that the first duty of the government was to increase the receipts of the treasury Mr.Reed took a similar view of the situation, which was again denied by Mr. Wilson (W. Va.). The attempts to amend the bill by repealing the other portions of the sugar duty were opposed by Mr. Wilson on the ground that if the bill was loaded down with amendments it would surely meet its doom in

Case of War.

Ministers of Different Countries Promise to Assist Guatemala - Representatives of the Two Countries Call on Secretary Gresham at Washington.

GUATEMALA, Jan 30 -The president has just received Minister Arias of Hon duras Ministers Gomez of Nicaragua and Estupinan of Salvador have been received before. All their speeches, which were full of patriotism clearly show that Guatemala would not stand alone in case of a Mexican conflict.

They have individually offered the cooperation of their countries to Guatemala in such an event, showing that on any question directly affecting all, Central America stands united to repel any invasion The Costa Rica legation arrives soon, and is confidently expected to express the same resolutions favoring Central Americanism as heartily as shown by the legations of Nicaragua, Salvador and Honduras A Washington special says: Senor Romero, the Mexican minister, and

Senor Arriago, the Guatemalan minis ter, called at the state department. They were admitted at once to the diplomatic room and entered upon a discussion of the troubles between their respective countries with Secretary In such cases the ministers are usually charged with power by their governments to offer and receive suggestions looking to a settlement of the disputed questions, subject, of course to the approval of the home governments, but in this case both officials have denied that the matter is in their hands, so the inference is that Secretary Gresham is simply urging them to advise their governments to show a spirit of mutual concession. All the parties to the conference refuse to disclose the nature of the proceedings, but it is sug gested in one quarter that a tentative proposition advanced looks to the relegation of the Mexican demand for a money indemnity for trespass on the Chiapas lands to the date of the completion of the boundary survey between Mexico and Guatemala. If it is then found that Guatemala has been guilty of trespass, she must pay the indemnity and not otherwise.
