Cambria freeman.

EUENSBURG, CAMBRIA CO., PA.,

FRIDAY. - FEBRUARY 22, 1895.

It has been found that State Treasurer Ratus Ramsay, of Illinois, who died suddenly three months ago, was short \$363,395,90 in his accounts.

Ex Goy Isaac P. GRAY, of Indiana, for two years U. S. minister to Mexico, is dead, aged 68 years. Deceased was a native of Chester county, Pa.

Tite harmony among the European powers is not so great but that each one is wearing a stove lid inside its vest, and keeping one eye on its right hand neighbor.

WITH the Populists holding the balance of power in the senate, the country may yet be forced to admit that the windmill is still a factor of energy in American statesmanship.

ITALY is going to abate part of the in the senat- is useless, for should the taxes of the section recently injured by house pass the bill, which is doubtful. earthquakes. When the present legisneed an earthquake for the same purpurpose.

In Northern Italy the wolves have been so impoverished by the deep snow that they have invaded the towns and several persons have been killed and devoured The authorities called out the troops to slaughter the wolves.

GOV. KNULE NELSON has been elected a United States Senator from Minnesota to succeed Washburn. Although a Republican, Governor Nelson is an open and avowed free trader. While a member of congress some years ago, he delivered several speeches against the monopoly tariff policy and voted for the Mills fiff

THERE is a marked contrast between the poverty and calamity wails, on which Governor Hastings made his cam paign, last fall, and the jobs that are being pushed through the legislature for creating new offices and squandering the interest. public moneys. When these bills come before him for his signature, citizens will be better able to see just what kind of a reputation Governor Daniel is entitled to for sincerity and integrity.

THE application of Judge Dunham to the attorney general for a writ of quo stead of an inclination to serve the best waranto to require the three judges con | interest of the country, simply a deter ducting the judicial contest between mination to defeat any and every meas

COUNTING pairs, says the Pittsburg Post, the test vote in the senate for the consideration of the free coinage bill on Monday showed that the senate on a of the pending bill and 42 against, there being one vacancy. Possibly the majority will be larger when the question comes up on the passage of the bill. It has been estimated as high as 10. For free coinage, on a full vote, it appents there are 26 Democrats, 11 Republicans and 8 Populists. Against free coinage there are 25 Republicans and 17 Democrats. Senator Cameron was the only senator from a northern state east of Indiana that voted for free coinage The rest of the votes came from the south and west. Senstor Quay voted against the silverites. Thus, on this important question, the vote of Pennsylvania was practically neutralized. It can be said that Senator Cameron has bill introduced by Senator Jones, of Arthe courage of his convictions, as on kansas. every vote on the question he sides with

the free coinage senators, and a contingency is possible by which his vote will pass the bill in the senate. The debate with the chances against it, the presi bill at this time is to make capital for it selves.

in the next congress and with the peo ple. But there is a reasonable certainty that no free coinage bill can become a law before the 4th of March, 1897. Mr Cleveland is pledged to interpose his ve to, and was elected with the clear under emergency arise.

NOBODY, says the Harrisburg Patriot now expects financial legislation at this session of congress. The time has pass ed when any action can be taken upon any bill for the relief of the treasury. It is insinuated that the loan proposed by the president is in the nature of a job by which a loaning syndicate will make \$25,000,000. This may or may not be true. If it is, nobody imagines for an instance that a syndicate lends money for diversion. If it is not true, then the administration has been maligned for the simple purpose of defeating the bill which would have saved \$16,000,000, in

If the insinuation of jobbery is base less it was none the less the imperative duty of congress to put a stop to the transaction. At any time during the present session congress could have passed a financial bill but it lacked the disposition to do so and evidenced, in

Washington Letter.

Washington, D. C., Feb. 18, 1895-With the senate pulling one way and the house the the other there is little full vote would stand 45 senators in favor probability that President Cleveland's advice will be taken to the extent of sav ing \$16,000,000 in interest that will have to be paid on, these S1 and | per ent bonds. The house ways and means committee has reported a resolution for the saving of those millions by anthori ing the issue of 3 per cent gold bonds. But nothing can be hoped from the senate, where it has been announced by Ashland, Pa., February 18 .- An ex those who are strong enough to make plosion of gas which will probably result ! good their language that the only finanis the death of at leas 11 miners occurcial legislation they will agree to is the red at 10.50 o'clock this morning in the ill for the unlimited coinage of silver. MANY TORPEDOBOAT BUILDERS.

Their Presence Caused a Comment From Mr. McAdoo-The Bids Very Complex and Hard to Decide-Two Firms Make Very Low Bids.

Fine Silk and Wool IMPORTED PLAIDS, 8 different combinings, 42 inches wide=\$1.00 value, 75 CENTS. WASHINGTON, Feb. 20 .- "American Choice Fine IMPORTED PLAIDS shipbuilding is not dead," remarked dark Navy, Garnet, Tan, Green, Brow Mode, etc., etc., barred in Silk lines Assistant Secretary McAdoo, as he took his seat at the head of a long table in right and contrasting colors-stylish the office of the secretary of the navy to ects - 38 inches wide, 65 cents. witness the opening of bids for building One Lot All-Wool FRENCH PLAIDS the three torpedo boats. His utterance nedium and dark colorings—38 incl wide, 50 CENTS a yard. was justified by the presence in the room of at least two dozen representa-SILK MIXED PLAIDS-light, medium tives of American shipbuilding works, and a formidable pile of bids and designs upon the table before the judge advocate general of the navy.

There were many faces familiar to the department people in the crowd and some new ones too. The only notable absentee was Mr. Cramp, who it was said had his eye on the battleships which it is hoped congress will provide for and consequently did not stoop to such little crafts as torpedo boats. There was Mr. Scott of the Union works, the blind boatbuilder Herreschoff, Frank King of the New Sparrow Point works, near Baltimore; Mr. Malster of the Columbian iron works, Baltimore; Mr. Ramsay of Perth Amboy, N. J.; one of the Dia-logues of Camden, N. J.; Holland, the designer of the submarine boat, and representatives of the Dubuque iron works, the builders of the Ericcson. The bidding was very complex and it will require much time and examina tion by the department experts to come to a conclusion as to where the con-tracts will be bestowed. Under the department's designs, Hugh Ramsay of Perth Amboy, has the lowest bid at \$347,000 for the three boats, but he, as well as everybody else, is underbi when it comes to original designs, by the Columbia ironworks of Baltimor which submits an aggregate bid of \$292,500 for the three boats. The figures are not a sure indication of what the department will do in the matter, for there are many considerations to take into account, such, for instance. as the additional cost of sending a boat around to the Pacific coast, where it is

sorely needed, the expediency of using bronze and aluminum instead of al steel, and lastly, the propriety of tak-ing up the offer of the Union works to build a large 28-knot boat like the most speady and modern of the British tor-Mr. Scott's last proposition
