HIS MAJORITY OVER 50,000.

The Campaign a Memorable and Desperate Pontical Fight Pittsburg Votes In Favor of Improvement Bonds-Elections in Other Pennsylvania Towns.

PHILADELPHIA Feb 20.-All indications point to the election of Charles F. Warwick as mayor of this city by a majurity estimated at from 50,000 to 60,000 over Robert E. Pattison, the ex-governor of the state William J. Roney, the Republican candidate for receiver of taxes, has evidently been largely cut by his party, but his majority over Colonel Sylvester Conaffon, the Democratic and reform candidate, is estimated as 40,000. have these offices. Unusual interest was manifested in the election, and a remarkably large vote was polled. It was ideal "Repubhean weather"-mild and springlike with a bright sun shining. The day was generally observed as a holiday and the streets were crowded. The fight

waged by the reform organizations, the

municipal league, and the citizens com-

mitter of ninety-five was directed

against the councilman whose records justified their "turning down." The most sanguine of the Republican leaders did not hope for a majority higher than 35,900 or 40,000, while Governor Pattison expressed himself as confident that he would be elected by

about 20,000 plurality. That the Pennsylvania Democracythe faction opposed to the leadership of National Chairman Harrity-cut Pattison is indicated by the fact that the Twelfth ward, which usually goes Democratic, gave Warwick 400 ma

The Municipal league made a strenuons effort to prevent fraud, and had of the almost 1,000 divisions in the city It also notified every election officer that any one caught signing an election return before the pells, closed would be prosecuted and sent to jail. In some nvisions it has been the practice prepare the returns early in the day, giving whatever majority may be mutually agreed upon, without the vote

The returns came in very slowly, but in 17 wards out of the 37 which make out the city, there was a majority of 30,000 for Warwick. These same wards gave Hastings 40,000 over Singerly in the late gubernatorial election, when the total municipal majority was 85,-

The greatest interest was manifested in this election, as it long since assumed the shape of a desperate fight against the Republican "combine," headed by David Martin and Senator Charles A. Porter The "throwing down" by these leaders of Senator Penrose just before the convention, at which it was generally supposed he would be nominated. created a great deal of disaffection among Republicans, and led to the open treach between Senator Quay and the leaders of the combine. From that time it was thought that Quay would give his support to Mr. Pattison, but the overwhelming majority rolled up by the Republicans clearly demonstrates that Mr Quay decided to sacrifice his personal feelings to the good of his arty and turned in for the support of Mr. Warwick received the returns at

Mayor Stuart's office and expressed his great satisfaction at the result, though greeably surprised at the large figures. Mr Pattison remained at his country home at Overbrook and received the returus over a special wire.

PITTSBURG,-The city will get its contemplated improvements by the issning of bonds, that, at least, was the verdict of the people at the polls vesterday when they voted by an almost overwhelming majority in favor of the increase of debt. The general estimated majorities would give for public safety bonds a majority of 17,500; water, 17,500; parks, 15,000, and boulevards, 13,000. ALTOONA-At the election held here

the Republicans elected their candidates for school directors, J. M. Kemmerling and A. C. Lytle, by 700 majority. John A Doyle, Democrat, was elected alder-man in the Third ward. Several Democratic councilmen were elected, but Republicans still have a safe majority in both branches of the city govern-

ALLEGHENY CITY—The people of Allegheny city decided by an overwhelming majority to authorize the issuing of \$1,405,031 of bonds for public improvements and at the same time it de ided by almost as pronounced a vote that it will place the spending of the money in the hands of other men than those who have handled the city's finances in the past two years.

led by Mr. Jones (Ark.), to pass the bill for the unrestricted coinage of silver. Mr Jones himself made the the mo tion to adjourn, after it had been made evident that a voting quorum of senators could not be held in the senate chamber for an all-night struggle

One of the surprises immediately preceding the adjournment, was a resolution submitted by Mr. We off (Colo.) one of the most active si er leaders declaring that while the welfare of the country required the free comage of silver, at the ratio of 16 to 1, yet, in view of the near adjournment of congress and the pressing demand for ap propriation bills, it was inexpedient to enter upon the consideration of the silver bill at the present session of congress. No action was taken on the res olution, but is was regarded as significantly foreshadowing the course of the

The silver forces asserted their strength at the outset of the proceed ings, and by a vote of 36 to 27, displaced the u.orning business and took up the silver bill before the regular or-

der had been reached Mr. Vilas (Wis.) then took the floor for four hours in a carefully prepared speech defending the administration for the recent bond contract. When Mr. Vilas concluded, active steps were taker by the silver men to force a final vote It was evident, however, that the oppo sition was ready to talk against time and thus carry the debate through the night, if necessary, to cut off a vote Mr Platt (Conn) then took the floor and made an argument against the bill being frequently interrupted by points of no quorum, and roll calls and sug estions for closing debate.

Mr. Jones appealed to the opposition to fix a time for a vote, but no agree ment could be reached Finally the senate business was brought to a complete standstill by the failure to secure a quorum, on Mr Aldrich's motion to go into executive session

From that time until adjournment vain efforts were made to secure a voting quorum, although a quorum was present most of the time, many sena-tors refusing to vote. This tedious process continued until Mr Jones reinetantly yielded and the long session

MINNEAPOLIS. Feb. 20 -The state's representative in the Hayward case in Illinois, is in the city, and states that the state has nothing to fear from the insanity depositions, which have been secured at the old home of the Havwards He says the whole country near where the depositions were taken is peopled with distant relatives of the Haywards. The antecedents of the family were traced back as far as 1736, covering hundreds of people, and only six insane cases could be found. In his opinion the family has a first class record In many of the cases, in fact in all but one, it was found that the insanity was not hereditary, but was brought

about by disease and accidents After the adjournment last night there was an immense crowd waiting outside the courtroom to see Harry taken to the jail. They waited until the prisoner was brought out in irons and then there was a demonstration. After he had passed Fourth street the cry went up from the top of a lumber wagon in a hoarse voice: "Hang him The croyd had only been waiting for
