If the general sentiment concerning the Pennsylvania Railroad Company's personally conducted tours to Florida is to be taken as an index of their popularity, they may in all verity be styled the ideal tours. The next and last of this season's series of tours to Jacksonville will leave New York and Philadelphia on March 25th, and the rate, including round-trip transportaion and meals and Pullman berth on pecial train going, is \$50 from New York and \$48 from Philadelphia: proportionate rates from other points. Tickets for this tour will be good for return passage on regular trains until May 31; The number of persons for which ac-

commodations can be provided is necessarrly limited, and it would be prudent for those who desire to join this party to make York, or Room 411, Broad street station, Philadelphia, to whom application for space should also be made.
