The Keystone Watch Case Co. of Philadelphia,

the largest watch case manufacturing concern in the world, is now putting upon the Jas. Boss Filled and other cases made by it, a bow (ring) which cannot be twisted or pulled off the watch. It is a sure protection against the

pickpocket and the many accidents

that befall watches fitted with the

old-style bow, which is simply held

in by friction and can be twisted off

with the fingers. It is called the

cases bearing their trade mark-Sold only through watch dealers, without extra charge. Don't use your knife or finger nails to open your watch case. Send for an opener (free).
