SIBLEY A SECOND LINCOLN.

for General Warner Thinks the Pennsylvanix Ex-Congressman Would Be, If Elected President, Sibley Compelled to Come Home - Warner Going to the Coast.

DENVER., April 17.—The open air meeting addressed by the silver champtons last night was the largest, ever assembled in Denver, Ex-Congressmen Sibley was the first speaker. He advised the debasement of partisanship and the elevation of patriotism. Frequent appeals have been made by the goldbugs to the bankers and business men to educate the people in regard to "sound money," but he thought there were so many people needed education in that way that the goldites had a hopeless task and one that was daily becoming more so. The burden of the entire speech was that it was necessary to unite if hope was to be entertained for the ultimate redemption of siver. Shake off party spells," he said, "and unite under the free silver bannor, not as Republicans, not as Democrats, nor yet as Populists, but as free

born American citizens." At the end of his speech, Mr. Sibley announced that owing to the serious filness of his sister, he would end his tour here and start for Pennsylvania. General Warner was the next intro due d. "We are face to face," he said with the question-what is to be our money, how is it to be supplied?" He showed how the money question is the commant one in politics today. line of battle is drawn, monometallism on one side and bimetallism on the

He then proceeded to analyze chances of restoration of silver within party lines and showed plainly its impossibility. He showed how the parties were split on the question, and if either should adopt a free silver plank, it would be the cause of its downfall. "Stay with the present parties," he said "and you may have the spoils. The lines must be submerged for the present, and free silver men must unite in some one candidate for their support. We present for your considera-

tion Mr. Sibley, and however much

you may turn the searchlight of inves-

tigation on his character, you will not

greeted him with enthusiastic cheers and acclaimed him as "the noble peacemaker." The arrival of Marshal de Campos has caused great rejoicing in all classes of society, for they are confident that he will restore peace in the island in a short time.

He knows perfectly well the difficulties he is bound to meet with, but it is believed that with his thorong knowledge of Cuban character, gained by his former experience in the island. he will be able to grasp the critical situation and prevail upon the rebels to

GENERAL MARTINEZ CAMPOS. All political parties are willing to aid his efforts to re-establish peace, and the people feel great relief now that he has assumed the direction of affairs. If he cannot by peaceful means induce the ebels to lay down their arms, he will fight them vigorously, but as humanely as the circumstances of war will per mit. It is thought that under the in spiration of his high motives, which previously induced such an excellent result in the Cuban trouble, he will speed

SOME PREDICT \$4.00 OIL.

The Market Continues to Create Great BRADFORD, Pa., April 17.—The oil market continues to create excitement enough for a country circus. Women men and boys are talking oil. The scene at Higgins' brokerage office is like old time in Bradford. Ladies, merchants and men in all walks of life are there buying and selling a commodity that has enriched hundreds of people in

this country. The prediction of \$3 is again ven tured, and there are some who claim \$4 will be cheap in 30 days. There are a number of local refiners, it is said, who have outstanding contracts below these prices and stand to lose a great deal of money should the advance continue. It is reported they are ready to begin buying crude in order to protect themselves They probably find but little for sale, as it is conceded on all sides that the oil sold has gone into stronger hands and into those who know what is to come.

OIL GOES TO \$2 54.

Another Sensational Day In the Market at Pittsburg. PITTSBURG, April 17 .- Another day of intense excitement has been witnessed in the oil market. Long before the hour of opening, the lobby of the exchange was crowded with all sorts and conditions of men. The game opened with the announcement that the Standard had advanced its price 25 cents to \$2,25,

and the exchange promptly elevated it The fluctuations during the first half hour were very wild. The opening bid was \$2.40, the first sale was at \$2.50, and from that point there was a tremendous slump at \$2.38. The rally to \$2 47 was just as sudden, and then the changes became less erratic. Every drop and every jump was greeted with a wild cheer by the brokers and lobby. The cause of the quick movements was the reports of sales by some of the large

independent companies. Killed by a Rush of Coal. Ashland, Pa., April 17. — Andrew Dwyer, aged 25, has been caught by a rush of coal at North Mahanoy colliery and instantly killed.

EXCOMMUNICATION THREATENED.

All Those Who Favor the National School System Will Be Refused the Privileges of the Church-Situation Different From the United States.

WINNERS, April 17,-Nothing stace the beginning of the Catholic school struggle, in this country, has created a greater sensation than the announcement of the Cathelic ar hbishop that these Catholics who henceforth lend their aid and influence to those who would abolish Catholic parochial schools will be excommunicated. Many promment Catholies have, during the struggle of the church, expressed themselves in favor of a national school system, and among these, the announcement has created the greatest consternation. At first it was thought to be simply a move on the part of Archbishop Langevin and done without either the authority of Mgr. Satolli or the p-pe; but it has been learned positively that Langevin's action is based on authority received direct from Rome.

It is understood that Archbishop Langevin last week received a papal encyclical on the question. This encyclical reviews the entire school matter and points out that the case in the United States and Canada is not analogous. In Canada, and particularly in Manitoba, it points out that Catholic schools were guaranteed by treaty and by the constitution, while no such guarantee was given in the States. parochial schools belong to Manitoba Catholics by right of treaty, it declares and on this ground it affirms that the Catholics who continue to lend their aid to those who would take away these rights shall not be received into communion with the church. It reported that a meeting of Roman Catholic dignitaries will shortly be held

They Think the High Prices Have Come FINDLAY, O., April 17 .- Ohio oil hamade another advance of 10 cents of the barrel, and the price is now more than double that of a week ago. As an evidence of the fact that oilmen believe the higher prices have come to stay, at is stated that Mr. C. C. Harris, one of the largest producers, made an offer to the Genessee Oil company to take its entire production for the next three months at the same figures. The offer was declined. Mr. Harris has focated ten new wells since last Saturday and expects to have 50 new producers within a month. Other leading producers are starting new wells as fast as der ricks can be put up.

A Cleveland special says . Alfred Whitaker, president and manager of the Brooks' Oil company, an independent refinery, said concerning the lag bulge in oil: "The present price of rude oil is higher than it has been for years. The truth is that for a long time the market has been below what it should have been. It never should have been below \$1. The large surplus stock of crude in existence for a term of years was a menace to the market. This surplus stock, in connection with the possibility of new fields opening up, ha kept the market depressed, and all refiners have been able, as well as the Standard Oil company, to buy their raw material at low figures. This has enabled them to make low proces for their finished product and sell in all markets of the world. An enormous demand has thereby been created in all parts of the globe for our petroleum products especially those made from Pennsyl vanua crude.

GREYTOWN IS SAFE.

British Don't Intend to Bombard the Town.

GRESHAM HAS FILED NO PROTEST.

The Question of Great Britain Using Warlike Means to Collect Indemnity Bas Not Been Raised - Nicaragua's Reply Not Pleasing to the British.

London, April 17.-It is stated on good authority that the question of a protest upon the part of the United States against the bombardment of Greytown and the landing of British troops in Nicaragna has never been raised between Great Br tain and the United States so far as the British government is aware.

In any case, it is added, the British will not bombard Greytown in the event of Nicaragua refusing to comply with the demands of Great Britain. But steps will be taken to insure the payment of the indemnity demanded by the British government and the necessary orders have been sent to commanders of British warships. But the nature of the orders sent to the British commanders and whether they include the landing of 'roops is not stated. Nicaragua's reply to the ultimatum

of Great Britain is substantially correct. The reply, however, falls very short of Great Britain's demands. The British ultimatum demanded reparation for the expulsion of Mr. Hatch, the British onsular agent, and for the personal in ury sustained by British subjects, and the appointment of a commission to arbitrate the amount of damage done to the property of British subjects, etc. indicating the composition of the commission and stipulating that no American should be chosen as a member. Nicarague now seeks to refer the

matter to an impartial commission of arbitration, apparently ignoring the main demand respecting the expulsion of Mr. Hatch. The foreign office is un able to state now what Great Britain's course will be, as the position is extremely del.cate, but, apparently, Great Britain can without loss of dignity, accept such a compromise as Nicaragua suggests. The foreign office has received no information and discredits the report that the United States has indicated objections to the bombarding of Greytown or the landing of troops STRUCK BY A CYCLONE.

Constipation

sults of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession. "Ayer's Pills are highly and univer-

sally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridgeport, Conn.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family." — J. T. Hess, Leithsville, Pa. "For several years Ayer's Pills have been used in my family. We find them

Effective Remedy for constipation and indigestion, and are never without them in the house."

- Moses Grenier, Lowell, Mass. "I have used Ayer's Pills, for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."—
L. N. Smith, Utica, N. Y. "I suffered from constipation which

cared it would cause a stoppage of the

cure for dyspepsin." - James Quinn, 90 Middle st., Hartford, Conn. "Having been troubled with costiveness, which seems inevitable with persons of sedentary habits, I have tried Ayer's Pills, hoping for relief. I am glad to say that they have served me better than any other medicine. I arrive at this conclusion only after a faithfur trial of their merits." - Samuel Jones, Oak st., Boston, Mass.

From Pole to Pole ATER'S SARSAPARILLA has demonstrated its power of cure for all diseases of the blood.

The Harpooner's Story. The Harpooner's Story.

New Bedford, June 1, 1883.

DR. J. C. AYER & Co.—Twenty years ago I was a harpooner in the North Pacific, when five others of the crew and myself were laid up with scurvy. Our bodies were bloated, guns swollen and bleeding, teeth loose, purple blotches affever us, and air breath seemed rotten. Take it by and large we were pretty badly off. All our lime juice was accidentally destroyed, but the captain had a couple dozen bottles of AYER's BARSAPARIMA and gave us that. We recovered on it quicker than I have ever seem men brought about by any other treatment for Scurvy, and I've seen a good deal of it. Seeing no mention in your Almanac of your Sarsaparilla being good for scurvy, I thought you oceth to know of this, and so send you he facts.

Respectfully yours. "ALPH Y WINGATS.

assurance, even to the most skeptical, that it is really meritorious. Those who have

used HALL'S HAIR RENEWER know that

it does all that is claimed.

It causes new growth of hair on bald heads—provided the hair follicles are not dead, which is seldom the case; restores

natural color to gray or faded hair; pre-serves the scalp healthful and clear of

dandruff; prevents the hair falling off or changing color; keeps it soft, pliant, lus-

effects by the healthful influence of its vegetable ingredients, which invigorate

and rejuvenate. It is not a dye, and is a delightful article for toilet use. Con-

The Trooper's Experience. Waster, Basutoland (S. Africa,) Marchi, 1895. Dr. J. C. Arrn & Co.—Gentlemen: Thurs Dn. J. C. Aven & Co.—Gentlemen: Thave much pleneurs to testify to the great value of your Pareaparilla. We have been stationed here for over two years, during which time we had to live to tents. Being under canvas for such a time brought on what is called in this country "veldt-sores." I had those sores for some time. I was advised to take your Savas, parilla, two bottles of which made my sores disappear rapidly, and I am now quite well.

Yours truly, T. K. BODEN,
