FILIBUSTERING TO BE CRUSHED.

The Communious of the U. S. Cruiser Enterels Ordered to Thoroughty Patrol the Florida Coast Costonis Collectors Ordered to Detain Suspected Vessels.

Washington, June 12 - Acting Secretary McAdos of the mayy department says that the instructions sent to the of his bond commodore of the cruiser Raleigh for his gurdance when on patrol duty off the Florida coast are of the most comprehensive kind, and provide for a fall and strict enforcement of the neutrality laws. The Raleigh probably will go first to Kay West. This is the only port on the Florida coast which a vessel of her draught can safely enter. She then will make a thorough parrol of the coastline and to render it more difficult for a libbustering party to get away, the cruiser steam lannehes and small boats will be unumed whenever it is necessary to look into narrow in ets and passe for light draft schooners and yachts, which are the favorite means of trans portation of the filibusterers.

With Spanish men of war flying off the Florida coast outside of the 3-mil limit and the Raleigh and her boats sweeping the inside waters, the over enthusia-tic Cubios and their Amer ican sympathizers who undertake t drive the United States into trouble ! using Florida as a base of hostile operations against the government of Cuba are likely to be repressed with a strong hand. The position of the admints tration is that they must make all hon orable efforts to prevent the abuse of its territory in this way, and if the measures already adopted are not suffi cient to secure the enforcement of the neutrality laws to a degree that we

own interests were concerned, ther active steps may be taken ashore t move upon the people who have laid themselves open to presention by or ganging hostile expeditions and aiding in thegal ways the warfare on a friendly

"Sec. 5250. The Late Senator Buck Didn't Kill Nellie

Hucrington. SAN FRANCISCO, June 12.—The coroner's inquest into the death of Miss Nellie Harrington, murdered in her own room ten days ago, has been concluded. The testimony of four additional witnesses completed a perfect alibi for the late Senator Buck. I. W. Lees, chief of local detective forces, stated that he had followed every clue and every person having any apparent possible connection with the case, he was absolutely in the dark regarding the identity of the murderer, and admitted that he hadnot even a suspicion concerning the possible slavers.

Referring to the wounds upon the body of the murdered weman, Lees said they indicated that the murde was most brutal. He was satisfied that the murderer was thoroughly familian with premises. He was convinced that the crime had not been committed for the purpose of robbery. The fatal wounds had probably been inflicted by a pistol used as a club. ARMENIANS SUFFER HORRORS.

How Long Will the Turkish Government Be Allowed to Sanction the Murder of Innocent Christians ? - Terrible Suffering of Prisoners in the Purhish Prisons.

Boston, June 12 -A reliable American resident in Turkey, in a b torrabout the situation in Eastern Turkey, reegived here, says there is one theme which concentrates attention, namely, the condition and the prospects of the country. It is not only the can-e of common humanity which interests us. The question now pending holds within it the life or death of Ociental Christianity. Are those wick of and Golless fanaties to be permitted to dip their swords further in the blood of innocent Christians, not only in general massaeres, but on highways in their own homes, in their fields, and worse than all, in the prisons, by the hands of the government itself: Day after day the pitiful story is told over and over again of pilinge, burning, forture, murder, violence, rape, abjunction, confiscation, desecration of churches, etc. Mera human aid is entirely insufficient; the intricacies of the political question involved, put the solution of the problem. far beyond our reac The letter gives a new story concern-
