EX SENATOR CAMERON, of West Virginia, is of the opinion that prosperity is already effecting a cure of the free silver craze. It certainly is pleasant medicine, as the silverites themselves must admit; and, moreover, there is enough of it to go around.

A HARRISHURO dispatch states that Governor Hastings signed the religious garb bill to keep members of the patriotic societies in line in his fight against Senator Quay. The unpopularity of the standard silver dollar in business is shown by the fact that with all that has been done by the treasury department to increase the circulation of silver dollars, only about 52,000,000 are now in use in the United States, as against \$480,000,000 in gold. wherever it is easy to return them.

Is the downward tendencies of Re publican politics in Pennsylvania it is something new to witness the struggle cast-in short, its general cussedness of a governor for the chairmanship of a state convention of his party. The Philadelphia Ledger says: "If the warring Republican factions in this state continue to pursue their bickerings they may jeopardize their state ticket, notwithstanding the enormous party majority obtained last November. The Democrats have a fashion of getting together when there is a chance for victory, and the scandals growing out of the distribution of patronage for the purposes of primary elections, the great increase in the number and salary of state officials, the disgust with the brazen recklessness of the legislature and with the spectacle of a disreputable city councils, are not conductive to the polling of the full Republican vote. An Unfortunate Minister.

South Bethlehem, July 7 .- A curious accident has brought Rev. S. H. Phillips, of Durham, Bucks county, to what may prove to be his death bead. A girl jabbed him with a pin, and blood poisoning developed. Yesterday his left leg was amputated in the hospital here. When visiting a neighbor's house about six weeks ago, he remained for dinner. He was seated upon the porch, chatting with several young ladies, when the call for dinner came.

He was slow in responding and one of the ladies took a stick pin from her throat and intended to prick him in the leg slightly. As she struck at him, he raised his leg and the pin was jabbed into the flesh to the bone. For two weeks Rev. Philips has been dangerously ill with blood poison, and his leg was amputated in the hope of saving his life. but the surgeons think he will hardly recover. He is 29 years old.
