Their Talk About Silver Now On In Chicago.

HARVEY CLAIMS ADVANTAGE.

He Declares He Made His Opponent Acquainted With Value of Silver in 1873.

Chicago, July 17.—The debate between Roswell G. Horr and William Harvey on the financial question is on at the Illinois club on Ashland street.

After the opening statements the debate proper began by Mr. Horr bringing out the fact that "Coin's Financial School" is an imposture.

"The first fact that was ever passed in this United States upon the subject of money was on the 6th day of June, 1792, that was the silver dollar.

"That was the first action taken by the American government to fix the value of the dollar.

several years our side has claimed that silver was fixed at 160 in the unit of value...

Mr. Harvey said: "The reading of the debate will show that Mr. Horr has admitted it. Now, why was silver made the unit of value by that act? This was to be a government of the people...

Mr. Horr said: "I want to say here that the question of the unit has not been disposed of today. I am not through with it. I have taken as much time as I want to give a word as to why they received the gold instead of the silver...

DR. EDDMONS' RECORD.

Holmes Says He Didn't Kill Pielzel's Children.

MRS. PEANY'S MURDER AT TONTONGANY, O., STILL A MYSTERY.

After a Failure to Prove the Doctor Guilty the Prosecution Moved For Her Dismissal—The Audience Enthusiastic Over the Verdict.

PHILADELPHIA, July 17.—H. H. Holmes, the insurance swindler, accused of having murdered the Pielzel children, whose bodies were found in Toronto, denies having any knowledge whatever of the crime. It is probable, however, that he will be taken to Canada, there to answer the charge of murder as the father of the Pielzel children. He asserts that he did not give up the hope of fixing upon him the responsibility for the death of the man found in the Callowhill street house, this city, and who it is supposed was the father of the Pielzel children. He was visited in Moyamensing prison by his counsel, R. O. Hoon, who subsequently made the statement that he had not seen Holmes since he was taken to the Philadelphia jail. Holmes asserts that the last time he saw them was in October of last year, in Toronto, where he had left them in charge of Minnie Williams, the girl, he met in Chicago. He asserts that he knows nothing of what became of them after that time, and that he always believed the Williams girl had been deported to Europe. He also insists that he knows nothing of the boy and that he had nothing to do with the death of Pielzel. Holmes was taken to the Philadelphia City jail today and subjected to a rigorous examination by Messrs. Fletchler and Barlow, who are associated with the district attorney.

Mrs. Peany's Murder at Tontongany, O., Still a Mystery.

MRS. EDDMONS IS DISCHARGED.

After a Failure to Prove the Doctor Guilty the Prosecution Moved For Her Dismissal—The Audience Enthusiastic Over the Verdict.

BOWLING GREEN, O., July 17.—Dr. Eddmons has been cleared of the murder of Mrs. Peany, at Tontongany. Judge Melhorn's charge to the jury was manifestly in favor of the accused, and when the jury retired, the few persons who remained in the courtroom were by any other verdict than acquittal. When the jury arrived at a verdict, it was fully half an hour before the prisoner, the attorneys and the court gathered in the courtroom. Dr. Eddmons entered the courtroom smiling and confident, and sat down with his attorneys. The jurors spent in the usual manner as to the verdict, and after a short time they returned. It was in the usual form and found the prisoner "not guilty."
