—Jacob Engle, of Johnstown, was arrested by Secret Detective M. F. Griffin on Saturday. The prisoner is blamed with passing counterfeit silver dollars. He was taken before United States Commissioner H. P. Graffius at Altoona on Monday and in default of $1,500 bail was committed to jail for a hearing on August 16.

—Mrs. Joseph Mobley died at her home in this place on Saturday, August 10, aged 42 years. Mrs. Mobley is survived by her husband, one son, Edward, of this place, and three daughters, Mrs. May Raub, of Johnstown, and Misses Bessie and Carrie, at home. The funeral took place on Monday, the remains being interred in Lloyd's cemetery.

—P. McManus, contractor for the building of the Pittsburg railroad at Mehaffey, has twelve deputies on his works guarding against a threatened outbreak of Huns and Ikes who have intimated a desire to quit work on the 22nd and compel all other hands to quit also. The deputies are armed to the teeth and serious trouble is apprehended if an outbreak occurs.

—On Thursday burglars gained an entrance to the station and ware-room at Bradley's Junction and stole a quantity of grain and provisions, besides going through some trunks and satchels belonging to the passengers, and appropriating what they thought would be of use to them. A team must have been used in taking away the grain, etc., but there is no clue.

—It is stated that a fire brick company, of which a Mr. Wainwright, of Pittsburg, is a member, has been formed to manufacture superfine fire brick in Morrellville, where a factory will be built at once. A plot of ground has been purchased from John Thomas, of Morrellville, at the old soap factory site, near the Cooperdale bridge. The new company will employ sixty or seventy-five men.

—An inventive genius of this place has turned his talents to account and expects to realize handsomely on his invention. He has produced what he calls a "bloomer spout." He will not show or divulge the theory or secret of the invention until the patent is secured, but says it will prove a great convenience at times and save the wearer of bloomers much trouble and annoyance when away from home.

—A severe storm accompanied by considerable hail passed over a portion of Indiana county on Saturday afternoon, doing much damage to trees and growing crops. The corn was leveled and the hail injured the buckwheat. During the prevalence of the storm the cupalo of the Presbyterian church at Mechanicsburg was struck by lightning and the front portion of it completely demolished.

—William Radenbaugh, a Clearfield county lumberman, bought two rafts and ran them to Lock Haven last spring. The price that was being paid for timber down there did not suit him so he contracted to have his rafts sawed up. When this was done he payed the freight on the lumber back to Clearfield town, where he sold it at a gain of $2 more per thousand than if he had sold it in the raft at Lock Haven.

—One night last week the dwelling house of Lawrence McGee, of East Mahoning township, Indiana county, was entirely destroyed by fire. Assistance was at the scene promptly, but the flames had gained such headway that it was found to be impossible to control them. The fire was caused by a defective flue. All of the household furniture was saved. The loss $600 upon which there was an insurance of $300.

—J. W. Thompson, of Cherry township, Butler county, a saving old bachelor aged 85, who kept plenty of money sectreted about the house, met with a loss last week. In the evening two masked men entered the house, covered him and his niece, who lives with him, with revolvers, and one of the men ransacked the premises. In a trunk he got $500 and securities, some of the cash was gold coin which the frugal owner had kept in his trunk for 40 years.

—Uncle Sam is pretty liberal in the matter of pensions to old soldiers and hedges the money about with many safeguards. The law forbids any person from bargaining, selling or promising his quarterly pension to any dealer or other person before it has become due and been paid. On the other hand, all persons are prohibited by law to accept the same in any manner of security for credit or otherwise. The fine is fixed at $1,000 for any violation of act, and is equally upon pensioner and dealer.

—Mrs. Polly Butler, wife of William Butler, died at her home in Wilmore on Wednesday, in the 83rd year of her age. Mrs. Butler is survived by one son—Abram—of Pittsburg, who is a passenger engineer between Altoona and Pittsburg on the Pennsylvania railroad, and four daughters, viz: Mrs. Kate Allison, of Homewood, Pittsburg; Mrs. Elizabeth Pringle, whose husband—Daniel Pringle—was killed in the Altoona yards a few months ago; Mrs. Mary Gardner and Mrs. Susan Grant, of Altoona.

—Mr. Levi M. Points, of Ebensburg, Pa., was united in marriage to Miss Hannah Holsinger, of Roaring Springs, on Thursday, August 8, 1895, Rev. W. L. Spanogle officiating. Mr. Points is the agent and telegraph operator for the Pennsylvania railroad at Ebensburg and is a first rate fellow. His bride is one of the real good girls of our town. After enjoying a brief wedding tour they will at once go to housekeeping in Ebensburg. We extend our congratulations and predict for them a happy and prosperous future.—*Altoona Tribune.*

—Mrs. Matilda Elwanger, wife of George Elwanger, died at her home in Ashville on Thursday morning, August 8th, 1895, in the 35th year of her age. Mrs. Elwanger was a daughter of George J. and Mary Myers, of Gallitzin township, who are both living. She is also survived by her husband and four children, the youngest being 13 months old, and by five brothers, John A., of Patton; D. Gallitzin, of Ashville; James, of Altoona; Joseph and Thomas, of Gallitzin township; and one sister, Mrs. Thomas J. Stephens, of Gallitzin. Her remains were interred at Ashville on Saturday morning.

—On Thursday, Christ King, of Jackson township, borrowed Elias Munday's horse and buggy to drive to Ebensburg. While here he stopped at Dufton's hardware store, leaving the horse and buggy standing on High street in front of the store. A man riding a bicycle came along when the horse got frightened and making a plunge to run off one of the hind wheels of the vehicle caught on a hitching post which brought the horse to a standstill, but wrecked the buggy, smashing one wheel and twisting the axle. Mr. King tied a pole under the axle and started for home on Thursday afternoon.

—Mrs. Mary Lucinda, wife of Harry D. Hoover, died at her home in Portage on Saturday morning, August 10th. Deceased was born at Pavia, Bedford county, April 25, 1872, and was aged 23 years, 3 months and 15 days. She was the daughter of Mr. and Mrs. W. S. Ake, who survive her, as do also her husband, two sisters and three brothers, all of whom reside near Summerhill. At the age of 18 she began teaching in the public schools of Bedford county, removing, with her parents, in 1890, to this county. For three terms she taught school, and during her last term was principal of the Portage schools. On October 4, 1894, she was united in marriage with Mr. Harry G. Hoover, of East Sharpsburg, Blair county who is at present agent for the Pennsylvania Railroad Company at Portage.

—The old original No. 1 furnace of the Cambria Iron Company, which has been out of blast for over a year, has been relined and is now being placed in readiness for going into action almost any day that orders are given.

—A correspondent of the Clearfield *Republican* writing from Burnside, in Clearfield county, says: Last week a corps of Pittsburg & Eastern engineers changed their headquarters from Glen Campbell to Burnside, and are running a line up the river from the mouth of Cush creek on the east side of the river to Barnesboro, by way of Cherrytree. Two or three weeks ago a corps under charge or Mr. Weakland, located at Dowler's, and have oversight of the construction from above McGee's to near Gettysburg, Indiana county. Work has commenced at points all along the route. Opposite Glen Campbell there is about a mile and a half of grading done, and the masons commenced on their work last week.

The Latest on Wheels.

There is now being built at the Baldwin locomotive works, in Philadelphia, an ordinary locomotive with driving wheels of five feet diameter, which, it is said, will as soon as completed (in about four weeks) draw a train of cars from New York to Philadelphia in an hour. The locomotive is not to be set on the rails as engines generally are. When it is completed it is to be placed on what are known as the Holman friction-geared trucks, which will raise it 30 inches above the surface of the rails. It will be just like any other locomotive except that each of its driving wheels will rest upon and between two smaller wheels, which in turn will rest upon and between three other wheels that finally rest on the rails.

The instant the drivers of the locomotive begin to turn they necessarily through friction give an opposite rotary motion to the small wheels upon which they bear, and these small wheels just as necessarily give a forward rotary motion to the third set of wheels upon which they are bearing. The natural and inevitable result is that one revolution of the locomotive's driving wheels, by this multiplicity of wheels in pyramid form, carries the locomotive forward just twice as far as a single revolution of the driving wheels on the track.

In other words, the speed of the engine, whatever that speed might be on the rails themselves, is exactly doubled by the use of this newly invented truck. In addition to the increase in speed attainable, this new invention will, it is claimed, save millions of dollars through the diminished wear and tear upon the rails, for the weight of locomotives will then be further distributed along the track, and at no point of any rail will their be a pressure more than one-third as great as is now exerted by the driving wheels.

Encampments Cost Lots of Money.

The annual encampment of the National Guards is a pretty expensive affair. The pay of the officers and men are as follows: Major General Snowden draws pay at the rate of $20 a day; Brigadier General Wiley gets $15.28; the colonels get $8.66; the lieutenant colonels, $7.25; the majors, $6.95; the captains, $5; the adjutants and quartermasters of the regiments, $5; lieutenants, $4.17; second lieutenants, $3.17; first sergeants, $3; all other sergeants, $2; corporals, $1.75, and privates, $1.50. In addition to this each mounted officer is allowed $2 per day to defray the expenses of a horse. There is only one major general and one brigadier general at this encampment, but there is a multitude of colonels, lieutenant colonels, majors, lieutenants and others who draw more than $1.50 per day. Added to this must be the cost of railroad transportation, provisioning, tenting, ammunition, and a hundred and one other items.

Sudden Death of a Former Resident.

On the afternoon of Thursday, August 1, Mrs. Charles Greer died while in a dentist's chair in the office of Billings & Sherraden, Omaha, Neb. She had gone there to have some teeth extracted and was put under the influence of chloroform, and it was from the effects of this drug that she died. A coroner's jury afterward met and exonerated the dentist from all blame and said that the death was due to unknown physical causes.

The maiden name of the deceased was Susan Kramer and she was the daughter of John Kramer, of Carrolltown, this county. Mrs. George Dumm, residing near Lakemont, Blair county, is her sister. She was 43 years of age and left this section of the country about eighteen years ago for Nebraska, where she married Mr. Charles Greer, who survives her, as do five children.

Fire at Patton.

About two o'clock on Sunday morning the stable of Si. Richards, in Patton, was discovered to be on fire and owing to the inflamable nature of the contents the structure was soon consumed together with a horse owned by George Reed, a lot of hay, grain and harness. Owing to some defect or obstruction in the hose, which prevented the firemen from getting a sufficient stream of water on the burning structure to control the flames, the fire spread to a dwelling house occupied by John Fornadley and it too was burned to the ground. Most of the household goods of the latter were saved by the neighbors. The fire is supposed to have had its origin from an incendiary as there was no fire about the building.

Burned to Death.

On Saturday last at noon Ruth, a 10-year-old daughter of James McKelvey, of Ligonier township, Westmoreland county, undertook to start the fire to get dinner, using the oil can to expedite matters, when an explosion followed, burning her in a terrible manner. She ran to the creek, but it was too late, as she was so badly burned that her death occurred on Sunday at noon, after suffering most terribly. After she had plunged into the stream and extinguished the flames, she returned to the house, wrapped herself in a shawl and went to meet her father, who was in the harvest field and had been attracted by her screams. No one was in the house but herself at the time of the accident.

A Tragic Death.

L. W. Mort, of Flinton, was in Huntingdon county last week visiting friends. On Monday he was riding on a west-bound freight train and when near the vicinity of Mapleton a sudden jolting of the train threw him to the tracks and a number of cars passed over his body. He was literally cut in twain and the sight presented was a sickening one.

The accident happened at 3:30 o'clock and at 4 o'clock the body was taken to Huntingdon. On his person was found $1.25 in silver, a gold watch, revolver, shawl strap, knife and four letters. In the effort to discover the unfortunate man's name the letters were opened. The body was forwarded to Flinton.

Reduced Rates to Boston.

The tickets will be good to return leaving Boston not lat later than September 10, and must be used to destination on Pennsylvania railroad not later than midnight of September 11.

Excursion tickets, good going via one route and returning via another, will be sold on the same dates at a slight advance over the one-fare rate for the round trip.

Gone to Join Her Husband.

One year ago on Thursday Harry Gardner, cashier of the Second National Bank of Altoona, defaulted and left for parts unknown with $150,000 of the bank's money. Recently Gardner's wife and family, who had been residing in Hollidaysburg, visited friends in the country one Sunday afternoon. They were driven fom their friends' home in a closed carriage to Huntingdon, where they boarded an east-bound train. It is thought that they took an ocean liner from New York City to join the fugitive cashier in South America. The detectives were dumbfounded when they heard of her mysterious leaving.

—Nine sheep out of a flock of fourteen, belonging to J. B. Burket, a Blair county farmer, were killed by lightning the other day while sheltering under a tree.

DENTISTRY.

Do you know we are taking out teeth every day without one particle of pain? Well, we are doing this very thing with "Odontunder," the only local anaesthetic that has stood the test and to-day it is the only one that is used universally by dentists who are up to date in their calling.

The price for "Odontunder" when painless is 50 cents, but if you experience the least pain we only charge you the usual price, 25 cents.

How about those teeth that need filling? Well, you say they don't ache. That's just the reason why you should have them filled now. After they have ached once you will probably have to have the nerve killed and the tooth treated if you are desirous of saving it. I only charge 50 cents for amalgum fillings and from $1.00 up for gold fillings. There are hard-time prices but they go just the same. Why procrastinate?—that's a big word but it's a good one right here because procrastination means to the patient loss of sleep, neuralgia, ear-ache, tooth-ache and goodness knows what else. We know of a good many young ladies of our acquaintance who would have been married long ago if it hadn't been for those horrid-looking teeth. Remember, to every patient having teeth filled I give a box of Dr. Richards' tooth powder and full instructions for the care of the teeth. On the 13th of each month I will extract teeth free of charge. You say why on the 13th. Well, now, that's my business. All you have to do is to come. Remember I won't take out your good teeth, because I don't believe in it. Then you say suppose the 13th falls on Sunday. Come right along and we will be only too glad to relieve you of the offending member.

Announcement!

We the undersigned, wish to announce to the public and our patrons that we will conduct our business on a

Strictly Cash Basis

on and after Sept. 1, 1895,

and that on and after that date it will be impossible for us to extend any credit.

This will enable us to work at a closer margin and smaller profit, and will be an advantage to our customers as well as to ourselves. Asking you for a continuance of your patronage in the future, as in the past, we remain

Yours Truly,

THE KEELEY CURE

Is a special boon to business men who, having drifted unconsciously into the drink habit and awaken to find the disease of alcoholism fastened upon them, rendering them unfit to manage affairs requiring a clear brain. A four weeks course of treatment at the

PITTSBURG KEELEY INSTITUTE,

No. 4246 Fifth Avenue,

restores to them all their powers, mental and physical, destroys the abnormal appetite, and restores them to the condition they were in before they indulged in stimulants. This has been done in more than 1600 cases treated here, and among them some of your own neighbors, to whom we can refer with confidence as to the absolute safety and efficiency of the Keeley Cure. The fullest and most searching investigation is invited. Send for pamphlet giving full information.
