> Correspondence. Flinton, Pa., Aug. 19, 1895. ED. FREEMAN: - A word to the wise, etc. What I mean by that is that all persons who have aspirations for the office of county treasurer, which will be voted for next year, may perhaps as well pu'l off, as E. F. Spencer, of Hastings, was cancassing in this part of the county for the nomination for that office, asking the support of not only Republicans but Democrats as well, and saving to a prominent Democrat "I want you to keep still till after the nomination and then I don't care what you say as the Barkers are for me and if I can make the nomination I am al right. Flory Barker has already employed ne to collect the taxes in this part of the county and you can see from that that the Barkers are for me." As much as to say that the Barkers hold the votes of Cambria county in the hollow of their hands. 'as it were," and can throw the office to the south or north of the county just as as they desire. It is believed here that the Messrs, Barkers are strictly opposed to any candidate using their name in a boastful way while canvassing for the omination for any office.

E. F. Spencer is well known in this part of the county, especially in Reade township, and with the Hollen support from this township, may cut quite a figure in

the nomination. Fire in Cambria Township.

On Sunday evening about 7 o'clock William Makin, who resides on what is known as the Evan R. Bennett farm, about three miles north of Ebensburg, discovered moke issuing from the roof of his dwelling in the opposite end from the chimney. A hasty investigation disclosed the fact that fire was raging in the attic and as there were none of the family at home but himseif, and no water but a few buckets in the spring, he knew that there was no possibility of saving the house. He gave the farm bell a few taps and then went to work to throw out the furniture, clothing, etc. A number of neighbors and people who were passing on the public road near by gathered to his assistance and most of the furniture was gotten out but in a badly

wrecked condition. Five bedsteads, a large box containing all the best clothing of the family, and a number of other articles were destroyed. There was no insurance on the contents of the house and the loss is a severe one to Mr. Maken, as he was burned out three years ago and at that time lost everything. The house was a log building, erected many years ago and belonged to the heirs

of the late Evan R. Bennett.

Why Barreled Apples Keep. If apples were placed loosely in barrels they would soon rot, though passing over only a very short distance of travel; and yet, when properly barreled, they can be sent thousands of miles, even over the roughest ocean voyage, in perfect security. This is owing to a fact discovered years ago, without anyone knowing the reason, that an apple rotted from a bruise when the skin was broken. An apple can be pressed so as to have indentations over its whole surface without any danger of roting, providing the skin is not broken. In barreling apples, therefore, gentle presare is exercised, so that the fruit fairly pressed into each other and is impossible for anyone fruit to change s place in the barrel on it journey. In hese modern times we understand the reason. The atmosphere is full of microcopic germs which produce fermentation and unless they can gain an entrance into the fruit, rot cannot take place. A mere odentation without a rupture of the outer skin does not permit of the action of these

DENTISTRY.

Do you know we are taking out teeth very day without one particle of pain? Well, we are doing this very thing with 'Odontunder," the only local amesthetic hat has stood the test and to-day it is the ily one that is used universally by densts who are up to date in their calling. The price for "Odontunder" when pain-ess is 50 cents, but If you experience the east pain, we only charge you the usua price, 25 cents.

How about those teeth that need filling; Well, you say they don't ache. That ust the reason why you should have them illed now. After they have ached once you will probably have to have the nerve alled and the touth treated if you are de irious of saving it. I only charge 50 cent or amalgum fillings and from \$1.00 up fo old fillings. These are hard-time prices out they go just the same. Why procras-inate?—that's a big word but it's a good tinate?—that's a big word but it's a good one right here because procrastination means to the patient loss of sleep, neuralgia, ear-ache, tooth-ache and goodness knows what else. We know of a good many young ladies of our acquaintance who would have been married long ago if it hadn't been for those horrid-looking teeth. Remember, to every patient naving teeth filled I give a box of Dr. Richards tooth powder and full instructions for the care of the teeth. On the 13th of each month I will extract teeth free of charge. You say why on the 13th. Well, now, that's my business. All you have to do is You say why on the 13th. Well, now that's my business. All you have to do i o come. Remember I won't take out your good teeth, because I don't believe Then you say suppose the 13th falls of Sunday. Come right along and we will be only too glad to relieve you of the offend-

THE VEELEV MIDE

Is a special boon to business men who, having drifted unconsciously into the drink habit and awaken to find the disease of alcoholism fastened upon them, rendering them unfit to manage affairs requiring a clear brain. A four weeks course of treatment at the PITTSBURG KEELEY INSTITUTE,

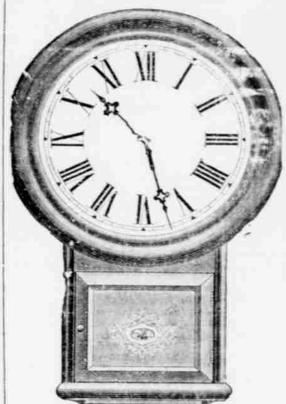

No. 4246 Fifth Avenue, restores to them all their powers, mental and physical, destroys the abnormal appetite, and restores them to the condition they were in be-fore they indulged in stimulants. This has been done a more than 1600 cases treated here and NOTICE is hereby given that Winfield Scott Conter has filed in the office of the Court of Quarter Sessions of Cambria county his petetion asking for the tr. n. ler of the liquor license granted to Philip Hopter by said Court ta the borough of Portage, and that the same will be presented to the said Court for its it consideration on Monday Sautember (th. 1806). done it more than 1600 cases treated here, and among them some of your own neighbors, to whom we can refer with confidence as to the absolute safety and efficiency of the Keeley Cure.
