\$140,000 TOO MUCH FOR PAVING.

The Centractors Did Not Use the Kind of Material Required by Law, Although the People Paid For It-Officers Dere-

PHILADELPHIA, Nov. 13.—The second session of the senate investigating committee to inquire into local municipal affairs was taken up by the examination of General Agent Addis of the Citizens' Municipal association, continued from the first session. His testimony dealt with the contracts and specifications relative to street cleaning, garbage collection and street paying, and the non-compliance with these by the contractors, together with the non-enforcement of the terms of the contracts by the authorities. Lawyer Freedley conducted the examination.

In street cleaning Witness Addis brought out that the muchinery contructed to be used was not generally used, and in the collection of ashes they tailed to use tight-fitting lids on the carts, as required. As to garbage, previous to 1865, the contractors were permitted to dispose of it as they saw fit. Since then they were re uired to incinerate or utilize it outside of the city limits. The witness' chief complaint at present was that it is not incinerated. These derelictions were brought to the attention of Director of Public Works Windrim by the Citizens' asso ciation, and the contracts were asked to be annulied. This was not done. The witness said he had been familiar with street paving since 1850. He said an ordinance of councils adopted in April, 1835, required the use of fitted

No attempt has been made to enforce this regulation, the blocks used being irregular. The difference in price be tween these two kinds of blocks, he said, was about \$1.05 per square yard. During 1803, 188,833 square yards of paving and repaving was done and irregular blocks were used. The property owners, for their share of the expenses, paid in the aggregate \$140,000 for what they did not get, fitted blocks being required by ordinance. In 1894, 203,075 square yards of work was done, the contractors paying no attention to the ordinance.

The List of Armenians Murdered In Recent Massacres Now Thought to Be 15,000 - Shakir Pasha's Mission a Failure, Porte's Reply to Ambassadors.

CONSTANTINOPLE, Nov. 13 .- According to official Turkish advices received by the government the Armenians of Zeitoun have captured a battalion of Turkish troops and practically obtaining possession of the city, attacked the village of Tchonkourhissar, killed 35 Mussulmen, pillaged a house at Dunghel, and carried off the arms and cat-tle of the inhabitants of that neighborhood. The Armenians are also said to have assassinated the secretary of the collector of castoms of that part of the country. The Vali of Adana, a town situated

some distance from Zeitoun and nearer the coast, telegraphs that 200 Armenians, disguised as Circassians, have attacked and plundered the Mussulman villages of Zeitounbell and Narl, killing a number of the inhabitants. It is believed in some Armenian quarters here that the estimate of 10,000 Armenians killed during the recent massacres may turn out to be considerably under the real total, and that the

number may come nearer 15,000 than Diplomats here regard the massacres at Erzeroum and Bitlis as being especially flagrant since the first appearance there of Shakir Pasha, the high commissioner appointed for the purpose of carrying into effect Armenian reforms. While at Bitlis the police fired upon every Christian passing in sight of the windows of the French consulate.

The porte, replying to the identical notes of the ambassadors of Germany, Austria and Italy, simply said that information regarding the scheme for reform in Armenia would be forwarded to the representatives of the powers without delay." In other words, these three ambassadors, at least, have obtained no satisfaction at all.

A CLUE TO THE ROBBERS.

Escaped Prisoners Supposed to Have Got the \$20,000 at Colorado Springs. COLORADO SPRINGS, Nov. 13,-The Wells-Fargo Express company's officials believe that the robbery of Messenger George Krout was committed by A. J. Gray, alias Sam Wells, and J. G. Stuart, alias C. J. Starr, who were arrested for the theft of \$15,000 from the express wagon at Cripple Creek April 11 and who recently, in company with Tom McCarthy, escaped from jail in this city. R. T. Montgomery, who was prisoner at the time of the escape, no fified the police at Denver several days ago that Gray and Stuart plotted while in jail to rob the express company again. The officials of the company believe

that the robbers had an accomplice in Twenty thousand dollars was sent from Denver to the First National bank bout 4 o'clock and too late to be de ivered to the bank. The package con taining the money was placed in the Santa Fe depot safe and both doors locked. There was nothing to indicate its value. Evidently the thieves knew of its existence. When train No. 6 came in at 9.45, there were other packages aboard with currency to th amount of \$35,000 consigned to the same bank. These packages were delivered to the agent and placed in the safe with the other. After the train had departed the agent, George Krout went to the platform to straighten the trucks, and when he returned to the office he was met at the door by two masked men with drawn revolvers. The robbers demanded money and he

anded out the \$20,000 package. Kront's action in handing out the \$20,000 package alone saved the company \$35,000. The robbers compelled Krout to go to bed and pull the covers over him, while they escaped. The depot agent was not 100 yards away from Krout's office while the robberry was being committed, but he did not see the robbers and knew nothing about th matter until informed by Krout.

or before the 17th and 27th of this month. The delay of the maniac in making up his mind who should be the first victim gave the police time to arrest him. The prisoner is William Sherman, who has been employed as a window cleaner around the Pullman building. A woman fortune teller is at present held responsible for the suggestion that placed the lives of Mr. Pullman and his manager in jeopardy, and the police are now endeavoring to find her and ask why she advises her patrons to commit murder.

Sherman, when captured, said he had consulted a fortune teller, because he was unable to sleep. The woman told him that he was troubled by secret ene-mies, and that unless he killed them before Nov. 17 or 27 they would kill him She described the men to him and the descriptions were those of Mr. Pullman and Mr. Griffin. The woman would not tell him the names of the men unless he paid her \$25. This he declined to do, as he knew the men by the description, he said. Sherman said that he would have killed one of the men if he could have made up his mind which one to take first. The man was palpably insane and was removed to the detention hospital. He was going about the Pullman building making
