> The Death of Lizzie Dugan. Coroner Martin began an inquest on Saturday evening at Wilmore as to the death of Miss Lizzie Dugan, who died in that place on Sunday, November 10th, under circumstances that seem to demand an investigation. A jury was impanelled and after several

witnesses had been sworn and examined a verdict was reached which in effect is as "We, the jury find that the evidence shows that Lizzie Dugan came to her death Sunday, November 10, from the ef-

fects of poison administered by one John Ward and other person or persons un-known, said poison being administered for the purpose of procuring an abortion on the said Lizzie Dugan." John Ward, who is suspected and for whom a warrant has been issued, was a resident of Spangler and has disappeared. He procured the drug at the drugstore of W. W. McAteer, at Cresson, on a prescription signed by "Dr. S. W.," and it is believed "Dr. S. W." can be located. Ward's crime has caused great excitement in Spangler and Wilmore, where the parties are well known. He gave her the poison in Spangler and after its purpose had been accomplished he sent her to her relatives in Wilmore, in company with Miss Nora Davis, an intimate friend of the murdered girl, and who was aware of the cause of the girl's serious condition. She kept the secret until the suspicions, of the physician in attendance resulted in Miss Dugan,

before her death, making a full confession
